PRICE PER BOTTLE

ALUMINIUM ESD DRINK BOTTLE

60ml Capacity

Made from aluminium which provides a strong
and effective ESD property that remains over time.

It is marked with ESD logo.

Dishwasher safe.

Can also be sealed tight in order to prevent any
liquid spillage onto workbenches.

The bottles are also manufactured with a special
inner coating that means the water remains fresh
longer and that there is no risk of substances
migrating from the bottle wall into the water.

The bottle holds 0.6 litres of liquid.

Bottle can be used for cold, non-corrosive
beverages, only.

Colour	Part No.	Price
BLUE	G-SCB-8	£16.60
BLACK	G-SCB-7	£16.60

PRICE PER BOTTLE
