# SHIPPING/DELIVERY

We have several ways of getting your order to you:

- Pottery can be picked up at our location near Pulaski, Tennessee.
  - Order minimum of \$1000 for order pickups please.
- We can deliver your order via our trucks to your location.
  - Order minimum of \$2500 for us to deliver within our delivery range. We will determine based on your location and our schedule if we can deliver ourselves. This is the easiest and cheapest way for you as we can include bulky items that would be subject to excess freight charges on a common carrier. We can deliver 8-10 half pallets at a time for a flat rate charge which is a great way to save on larger orders.
- We can arrange pallet shipping via common carrier to your location.
  - Order minimum of \$1500 for us to package and ship an order via common carrier. A 1/2 pallet can gerally hold \$1500-2500 in pottery. We recommend at least filling the 1/2 pallet to best reduce the shipping cost per item. We ship our pottery on 1/2 pallets that we can stack for shipping to save you money on your freight bill. Let us know if you have specific requirments or prefer non stacked pallets.
- We will self insure when we deliver pottery and will make sure all of your order arrives to you in good condition. If shipping via common carrier we can include insurance at your discretion to cover any damages otherwise we will credit up to 3% for breakage towards future orders.

# CUSTOM ORDERING

With custom ordering you can pick out the colors and textures that you would like to combine to form your own unique pottery or just a style or color that we do not currently have in stock. Choose from our list of colors and textures and mix and match if you desire. Custom ordering takes around 5-6 months for us to have the pottery made, shipped to us, and then delivered to you. Custom ordering is done by the pallet and minimum quantities per custom style do apply as well as an order minimum of \$7500 (generally 3-4 1/2 pallets). On the following pages we have provided some sample pallets which consist of 2-4 layers of pottery depending on the size of the pot sets.

## THINGS TO REMEMBER WHEN ORDERING:

- Colors in the Smooth Glazed Finish Can be mixed (you can mix up to 3 colors per pot)
- The first 2 colors are at no added charge. Please add 7.5% to the total cost of the set for 3 colors. Atlantic finishes also adds an additional 5% on average over the glazed finish.
- Once you provide us your order we will calculate any add on charges for mix finishes.
- You can also mix smooth glazed and Atlantic finishes. Remember atlantic finishes are 5% over the list price which is a single or double color glazed finish.
- Please let us know if you have any questions.
- List your choices in vertical order from top to bottom on the pots.
- A 25% non-refundable deposit is required for all custom orders.
- The remaining 75% is payable upon order shipment or upon delivery if we are doing the delivery.

All pots are available in Terra cotta finish as well

# CUSTOM ORDERING

The following selection of pottery can be ordered in any color or finish you choose along with any of the previous pottery. The pottery below is not currently in stock. If you would like to custom order pottery for the spring 2024 season your order needs to be finalized by the end of October 2023. Let us know if you have any questions

-Below is an example order form filled out to show you how to list what you want if you prefer to do it yourself.

-Use the codes on the glazed and atlantic finishes pages or a general description of your own choosing if you don't see the exact finish you want listed.

-Mix up to 3 colors and separate the finish choices with a + symbol (the first and second finish selections per pot are included a third choice will add 7.5% to the cost).

-Atlantic finishes are approximately 5-7% more than glazed finishes.

-Once we review your custom order request we will contact you and confirm if any changes need to be made.

-There are minimum order requirements from the manufacturer in Vietnam for custom colors. Please list what you would like and we will see if they are good with the request (the more quantity of each style pot and finish choice the more likely they will accept the request).
