## Reindeer Dribble

	The specialty grains lend slightly sweet, rich notes of caramel, chocolate and roast. A touch of cascade for balance. A highly sessionable Brown ale.					Original Gravity: 1.061
			succure to buildinge. Attigin	, _ 500.0.10010 2100		Final Gravity: 1.015
	Extract Recipe					Color SRM : 34.05
Dragoduro i Diagoo rag	K99-0113 cedure : Please read all the instructions before you begin brewing, to ensure you have all the ingredients and fully understand the pro					Alcohol by Volume : 5.87
					· ·	IBU: 29.07
Clean		0,	,		Onsing a	
Steep	Begin by heating 2.5 gallons of water in your brew pot. Add speciality grains and tie a knot at one end of the "Grain Bag" leaving room for the grains to be loose in the bag. Place the Grain Bag in the water. Slowly raise the temperature to 150° to 160°F (max temp). Steep your grains at this temperature for 20 minutes. After 20 minutes, remove the "Grain Bag" from the pot. Do not squeeze the bag, just let the liquid drain from the bag into the pot. The water is now "Wort" at this point. Grains :   0.5 lbs Carafa 1 1.5 lbs Crystal 60L   0.5 lbs Brown Malt					
Fermentables & Start of Boil - Begin 60 minutes of boiling	Bring the "Wort" to a boil. It should be a rolling boil, but be careful to avoid a "Boil Over". Once you achieved a boil, remove the brew pot from the heat source. It is time to add the fermentables :					Fermentables :
	7 Ibs Pale LME Stir the extracts, and fermentables into the wort until it has all dissolved. It is important to make sure none of the extracts or fermentables are sitting on the bottom of the brew pot, as it will scorch when returned to the heat source. Return the wort to a rolling boil and follow Hop Schedule :					
Hop & Additive Schedule		Ounces	Hop/Additives	Hop Addition	Boil Time (minutes)	
		1 3	3 HBU Pack	Boil/Bittering	60	
		0.5 (	oz Cascade	Boil/Bittering	60	
		0.5 0	oz Cascade	Aroma	5
