

Make Your Own Playful Puppets

Why not use an old book to create a puppet show for your friends and family to enjoy? Bring new life to your fave characters and put them in show business!

You will need:

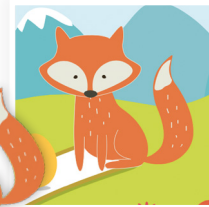

- A book you no longer want
- Scissors
- Tape
- Ice lolly or popsicle sticks

Read me!

Always ask a grown-up for permission if you're using scissors.

1

Use the scissors to cut out any characters from your book that would make awesome puppets.

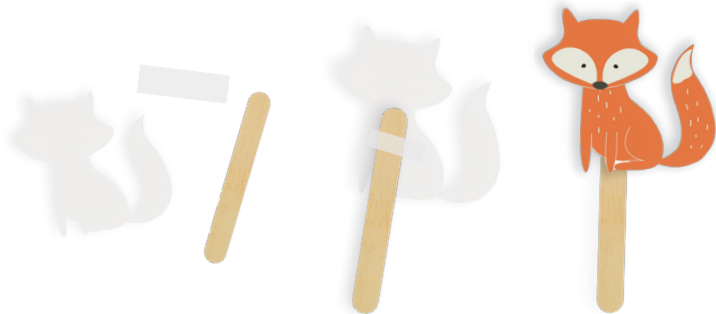

2

If you like, you could also cut out a page to use as a background, just like a stage play!

3

Turn the characters onto their backs, then fix the tip of an ice lolly stick to their back using the tape. Make sure that you can't see the tape on the other side.

4

Just like that, you're done! Gather your friends and family and put on an amazing puppet show.
