# Cherry Tomato Varieties

# Black Cherry

Round, full-flavored cherry with distinctive purple-black color.

One-inch fruits with the juicy, meaty texture and sweet, rich flavor characteristic of all Russian black tomatoes. A striking addition to cherry tomato mixes. Very productive plants.

- **Indeterminate**
- Prolific
- 1-1.5 oz
- Open-Pollinated

Seed Source: High Mowing Organic Seeds

# Pink Bumblebee

Pink cherry streaked with gold.

Excellent sweet flavor. Pink Bumble Bee is an alluring combination of light pinks, yellows and oranges and is great in a mix with the other Artisan varieties. Like all the Artisan™ tomatoes, Pink Bumble Bee was bred with high vigor to perform under tough conditions. 20-25 gm. fruits. **Indeterminate**. USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Indigo Cherry Drops

Tasty Indigo type.

Indigo Cherry Drops has the same striking, dark blue anthocyanin coloration and red flesh, but the plant habit is much improved; instead of the small semi-determinate growth habit of Indigo Rose, Indigo Cherry Drops is a vigorous indeterminate. Yield and flavor are much improved, with larger clusters of 1–2 oz. fruit. **Indeterminate.** USDA Certified Organic

Seed Source: Johnnys Selected Seeds

# Sungold

Intense fruity flavor.

Exceptionally sweet, bright tangerine-orange cherry tomatoes leave everyone begging for more. Vigorous plants start yielding early and bear right through the season. Tendency to split precludes shipping, making these an exclusively fresh-market treat. The taste can't be beat. 15–20 gm. fruits. High resistance to Fusarium wilt and tobacco mosaic virus. **Indeterminate.**

Seed Source: Johnnys Selected Seeds

# Sunrise Bumblebee

The sweetest cherry in the Artisan™ collection.

Gorgeous combination of yellows and reds, inside and out. Excellent sweet and tangy flavor. Adds a nice pop of color to any mix, but also stands alone as a premium-quality cherry for snacking and salads. Like all the Artisan tomatoes, Sunrise Bumble Bee was bred with high vigor to perform under tough conditions. 20-25 gm. fruits. **Indeterminate.**

Seed Source: Johnnys Selected Seeds

# Tidy Treats

Best cherry for patio gardens. Neat, compact tomato ideal for tight spaces. Tasty and high-yielding, with a polite habit easily tamed with the use of standard tomato cages. Good snacking size (6–8 gm) and sweet flavor. Only recommended for container growing. Dwarf **indeterminate.**

Seed Source: Johnnys Selected Seeds

# Supersweet 100

The classic sweet red cherry tomato.

Reliable cherry with prolific yields of great-tasting, 15–20 gm. fruits produced in large clusters. Widely adapted. High resistance to Fusarium wilt and Verticillium wilt.

**Indeterminate.**

Seed Source: High Mowing Organic Seeds

# Yellow Pear

These miniature pear-shaped tomatoes are 1-3/4 to 2 inches long and clear yellow in color. They are delightfully sweet, considered by many as 'garden candy'. Baskets of these are as pretty as can be. Tall plants bear large and continuous harvests. **Indeterminate.**

Seed Source: Tomato Growers Supply Co

# Indigo Rose

Indigo Rose develops a dark purple skin wherever the fruit is exposed to direct sun, but it needs to ripen fully to develop good flavors. It is not ripe until the fruit softens, the bottom turns from green to red, and the flesh is deep red. Expect an abundance of these very beautiful 1 to 2 oz. deep purple fruits with rosy undersides and deep, brick red flesh. **Indeterminate.**

Seed Source: Tomato Growers Supply Co.

# Candy Bell

New from Johnny's! Delicious determinate grape.

Labor-saving determinate grape with great taste and a manageable plant. Candy Bell maintains a good fruit size and has medium-high crack tolerance. The ideal size (15 gm.) and shape for a grape. Slightly open plant habit makes harvests easier, and little to no pruning is required. **Determinate.**

Seed Source: Johnny's Specialty Seeds

# Heirloom & Specialty Tomato Varieties

# Black Krim

Russian heirloom.

Black Krim combines bold, smoky flavor and good texture with an unusual appearance. Deep brown/red, 8-16 oz. tomatoes have brown/green shoulders that get darker with more heat and sunlight. High yielding. **Indeterminate.** USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Brandywine

One of the most flavorful tomatoes.

We describe Brandywine's luscious, heirloom flavor as "very rich, loud, and distinctively spicy." The large fruits, often over 1 lb., have deep pink skin and smooth, red flesh. The medium-tall, potato-leaf plant is best staked or caged. Our 'Quisenberry' strain is considered among the best.

**Indeterminate.** USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Yellow Brandywine

An orange old-timer with rich flavor.

This rich-flavored old timer is an orange version of Brandywine. The fruits are larger than Valencia. This potato-leaf variety can be finicky to grow, with roughly shaped fruit one year and smooth the next.

**Indeterminate.** USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Bobcat Hybrid

This high-yielding beefsteak has a bush growth habit and can be grown in a container. A sister of Better Bush, the dense foliage helps protect fruit from sunburn. Flavor is excellent with the right balance of sugars and acids. Fruit set is somewhat concentrated, weighing 10 ounces on average. Plants benefit from support. **Determinate.**

Seed Source: Tomato Growers Supply Co.

# Cherokee Purple

Unusual variety with full flavor.

Famously rich flavor and texture make this a colorful favorite among heirloom enthusiasts. Medium-large, flattened globe, 8-12 oz. fruits. Color is dusky pink with dark shoulders. Multilocular interior ranges from purple to brown to green. Relatively short vines. **Indeterminate**. USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Green Zebra

Popular succulent green fruits with sweet and zingy flavor.

Medium-sized fruits start out pale green with dark green stripes that soften and turn yellow when ripe. Perfect exteriors; fruits hold up under adverse conditions and rarely crack.

Grows well in the greenhouse, too!

- **Indeterminate**
- Field or greenhouse
- Resists cracking
- 4-5 oz
- Open-Pollinated

Seed Source: High Mowing Organic Seeds

# Mortgage Lifter

Kentucky family heirloom grown since the 1930s by three generations of James Halladay's family. In a trial of 25 Mortgage Lifter types, Halladay's produced the best crops of 1-2 pound pink beefsteak fruits. Exceptionally meaty and typically crack-free. Great old-fashioned tomato flavor. **Indeterminate**, 80-90 days from transplant. Certified Organic

Seed Source: Seed Savers Exchange

# Striped German

Bicolor red-and-yellow fruit.

The flat, medium-to-large tomatoes with variable shoulder ribbing are shaded yellow and red. The marbled interior looks beautiful sliced. Complex, fruity flavor and smooth texture. Medium-tall vines bear 12+ oz. fruit.

**Indeterminate.**

Seed Source: Johnny's Selected Seeds

**Red Slicer  
& Beefsteak  
Tomato  
Varieties**

# BHN-589

If you are going to grow a determinate tomato in a hoophouse or greenhouse, try BHN 589. Plant is well adapted to hoophouse conditions, and offers a surprising combination of fruit quality, shelf life, and really good flavor. Semi-determinate plants are larger than compact determinates. Use tall stakes to basket-weave. Very high yield potential. 8–10 oz. fruit. **Determinate.**

Seed Source: Johnny's Selected Seeds

# BHN-871

High yields of attractive, golden-orange tomatoes.

Compared to Orange Blossom, BHN 871 is a larger, later plant with improved disease resistance, higher yield potential and larger fruit size. 10–12 oz. flattened-globe-shaped tomatoes have good flavor but, like most yellow/orange tomatoes, less acid than most reds. **Determinate.**

Seed Source: Johnny's Selected Seeds

# Big Beef

Nice combination of size, taste, and earliness. Still unsurpassed as the top choice for fresh market beefsteak tomatoes. Large, avg. 10–12 oz., mostly blemish-free, globe-shaped red fruit. They have full flavor—among the best—and ripen early for their size. Broad disease resistance package. AAS winner.

**Indeterminate.**

Seed Source: Johnnys Selected Seeds

# Big Boy

A long time favorite because of its very large, smooth scarlet fruit with meaty flesh and great flavor. Heavy crops peak in midseason but continue until frost.

**Indeterminate.**

Seed Source: Tomato Growers Supply Co

# Big Beef Plus

An even better Big Beef.

One of the best-loved beefsteaks, now with improved flavor, color, and adaptability. Sweeter than the original, with added TSWV resistance for protection in warmer climates. Crimson gene lends a richer red internal color. Very similar in size, shape, and yield to Big Beef. High resistance to Alternaria stem canker, Fusarium crown and root rot, Fusarium wilt races 1 and 2, gray leaf spot, tomato mosaic virus, and Verticillium wilt; and intermediate resistance to nematodes and tomato spotted wilt virus. **Indeterminate.**

Seed Source: Johnnys Selected Seeds

# Jet Star

Gardeners rate this variety as excellent, especially for its superior, very pleasant taste. Heavy yields of 8 oz. firm, meaty fruit that is generally free of cracks. Vines offer good foliage cover. Not recommended for canning as Jet Star is low in acid.

**Indeterminate.** 72 days.

Seed Source: Tomato Growers Supply Co

# Celebrity Plus

Everything you love about the original Celebrity, now with enhanced disease resistance. Fruits avg. 7–9 oz. with more uniform shoulder ripening and better crack tolerance. Healthy plants. Vigorous **determinate**.

Seed Source: Johnny's Selected Seeds

# Chef's Choice Orange

8–11 oz. fruits are low in acid and have very good flavor and texture. High yielding. Earlier and more productive than most orange beefsteaks. **Indeterminate**.

Seed Source: Tomato Growers Supply Co

# Bush Early Girl

"Little Sister" to Early Girl, this variety will surprise you with its huge yields on such small plants. 6 to 7 oz. fruit is larger than that of Early Girl and has a good flavor. Gardeners in short-season areas should be sure to try this one, which has even more disease resistance than the original. Compact **determinate**.

Seed Source: Tomato Growers Supply Co

# Early Girl

Classic extra-early slicer that works great for dry farming.

A longtime early favorite, Early Girl produces heavy yields of full-flavored, 4-6 oz. tomatoes. One of the first varieties to ripen each year. Also prized for its performance as a "dry-farmed" tomato, owing to its extreme tolerance to drought and blossom end-rot. High resistance to Fusarium wilt races 1 and 2 and Verticillium wilt. **Indeterminate**.

Seed Source: Johnnys Selected Seeds

# Fourth of July

You could have luscious vine-ripened fruit as early as the Fourth of July! These plants produce a plentiful harvest of red 4 oz. tomatoes all season long. **Indeterminate.**

Seed Source: Burpee

# Hawaiian Pineapple

Golden-orange beefsteak fruit grow up to 1-1/2 lbs. and have a pineapple-like flavor when perfectly ripe. Fruits are deep orange and incredibly rich, fruity and sweet. As a bonus, you can expect very large harvests of these wonderful tomatoes. **Indeterminate.**

Seed Source: Tomato Growers Supply Co.

**Roma, Plum, &  
Paste Tomato  
Varieties**

# Amish Paste

A longtime favorite heirloom plum.

Large for a sauce tomato, Amish Paste's slightly irregular plum to strawberry-shaped fruits avg. 8-12 oz. with excellent flavor.

These meaty tomatoes are good in salads and great for processing. A Slow Food USA Ark of Taste variety. **Indeterminate**. USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# San Marzano II

Exclusive! High-quality strain of this classic heirloom paste tomato.

San Marzano is considered one of the best paste tomatoes of all time, with old-world look and taste. Whole 4–6 oz. tomatoes peel easily and cook down quickly. Various strains of San Marzano exist; this strain was selected by tomato breeder Emily Rose Haga from seeds from the USDA gene bank, which is designed to preserve genetic diversity and increase food security. The strain originates from Parma, Italy, where it was developed for the 1950's canning industry. This strain has a very traditional San Marzano shape and appearance as well as a vibrant red color. **Indeterminate**. USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Martino's Roma

Italian variety with pretty rugose (puckered) foliage.

Very heavy set of mild 2-3 ounce fruits perfectly suited for making sauce, salsa, and paste. Tends to fall off the vine when fully ripe. **Determinate**, but requires trellis, 75 days from transplant.

Seed Source: Seed Savers Exchange

# Sunrise Sauce

Low-maintenance orange paste tomato.

Much sweeter flavor than others in its class. Sunrise Sauce produces high yields of 4–6 oz. squat, Roma-shaped fruits within a concentrated period, which makes it perfect for saucing. Not to mention it has exceptional fruit quality and flavor and cooks down quickly. The perfect patio tomato. High resistance to fusarium wilt race 1 and verticillium wilt. **Determinate**.

Seed Source: Johnnys Selected Seeds

# Container Tomato Varieties

# Tasmanian Chocolate

Delicious slicer for small spaces.

A small plant with abundant flavor, Tasmanian Chocolate retains the superior qualities of its heirloom parentage. Unlike traditional heirlooms, it is well-suited for patios and containers (owing to its tidy plant habit and short stature) and only needs a standard tomato cage for support. These burgundy 4–6 oz., ribbed tomatoes are richly flavored and perfect for slicing onto sandwiches. Developed by Craig LeHoullier as part of the Dwarf Tomato project. **Determinate.** USDA Certified Organic.

Seed Source: Johnnys Selected Seeds

# Tidy Treats

Best cherry for patio gardens.

Neat, compact tomato ideal for tight spaces. Tasty and high-yielding, with a polite habit easily tamed with the use of standard tomato cages. Good snacking size (6–8 gm) and sweet flavor. Only recommended for container growing. Dwarf **indeterminate.**

Seed Source: Johnnys Selected Seeds

# Bobcat Hybrid

This high-yielding beefsteak has a bush growth habit and can be grown in a container. A sister of Better Bush, the dense foliage helps protect fruit from sunburn. Flavor is excellent with the right balance of sugars and acids. Fruit set is somewhat concentrated, weighing 10 ounces on average. Plants benefit from support. **Determinate.**
