**EIKONIC HAS PARTNERED WITH RAMON CHAVEZ OF CHAVES KNIFE AND TOOL, TO PRODUCE THESE CLASSIC AND FUNCTIONAL EVERY DAY CARRY BLADES.**

The RCK9 is the 9th of Ramon Chavez's original designs. This design was originally a fixed-blade working knife used for ranch work it has been converted to a do-everything flipper. The knife is identifiable at first glance as the profile Chaves Knives are famous for. Like with all EIKONIC knives, quality and everyday functionality is who we are. We are featuring 4 styles including one with a partial serration for outdoor enthusiasts and duty use.

### THE APERTURE IS A COLLABORATION WITH BRIAN NADEAU OF SHARP BY DESIGN.

This unique knife has a feature of some of Brian's most popular custom knives with an "aperture" window in the handle. The overall length and streamlined width make this the perfect everyday carry size. Finished in machined G10 or Micarta this index finger flipper, with ceramic ball bearings, is a contemporary classic that is quick to open and really comfortable to carry. It is perfect for Everyday Carry.
