70L Electric Built-in Pyrolytic Oven

Signature Features

Family Size

- 70L capacity with family size spacious interior

7 Cooking Modes

- Allowing you to conveniently bake, roast, grill, defrost, and more—while it cleans itself spotlessly after use.

Self Cleaning Technology

- Engineered to automatically run a pyrolytic self-clean cycle: a faster, safer and better way to clean without harsh chemicals or special cleaners

Even Heat Distribution

- Maximizes air circulation which effectively reduces cooking time by seamlessly distributing heat throughout the entire oven for the best cooking results

Ergonomically Designed

- Angled oven doors and soft shut hinges to secure heat inside while preventing slamming by delicately closing its doors

Full Visibility

- Sophisticated extra-wide glass pane to help you monitor your dishes while keeping its exterior temperature cool to the touch
