## SAFETY DATA SHEET (SDS)

Section 1. Identification				
Product identifier CHEM-EXTENDER				
Other means of identification CHEMEXTENDER				
Recommended use and restrictions on use Coating/Thickener				
Initial supplier identifier         CHEMTEC; 4117 Industriel; Laval; Québec; Canada; info@epoxychemtec.com				
T 450-629-1717				
Emergency telephone number/restriction on use Canada – CANUTEC 24-hour number 613-996-6666				
Section 2. Hazard identification				
Classification of hazardous product (name of the category or subcategory of the hazard class)				
NOT REGULAT		ar u cluss)		
	nents (symbols, signal words, hazard statements and precautionary a	statements of the category/subca	tegory)	
None	ients (symbols, signal words, nazaru statements and precautionary)	statements of the category/subca	(egoly)	
Other hazards ki	nown None			
Other hazarus ki		in and i and a		
	Section 3. Composition/information on			
	(common name/synonyms)	CAS number or other	Concentration (%)	
None				
* Statement - Th	his safety data sheet provides concentration range(s) instead of the actual concent considered trade secret(s).		opellants by volume)	
	Section 4. First-aid measure			
Inhalation	IF INHALED: Remove person to fresh air and keep comfortable for bu			
Ingestion	IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE V	OMITING. NEVER give anything	by mouth if victim is	
	rapidly losing consciousness or is unconscious or convulsing. Rinse mo		ictim drink two glasses	
	of water. If vomiting occurs naturally, have victim lean forward to redu	uce risk of aspiration.		
Skin contact	IF ON SKIN: wash with plenty of water. (5-10 minutes)			
Eye contact	IF IN EYES, Rinse cautiously with water for several minutes (5-10).			
Most important s	symptoms and effects (acute or delayed) May cause slight transit	ient respiratory, skin and eye irritat	ions.	
Indication of imr	nediate medical attention/special treatment In all cases, call a doct	or. Do not forget this document.		
	Section 5. Fire-fighting measu	res		
Specific hazards	of the hazardous product (hazardous combustion products)			
	d other irritant/toxic gases and fumes.			
	uitable extinguishing media			
	e carbon dioxide, chemical powder agent and appropriate foam to exting	wish surrounding products		
	e equipment and precautions for fire-fighters	Suisii suirounanig producus.		
	tating/toxic smoke and fumes may be generated. Do not enter fire area v	without proper protection Firefight	ers should wear proper	
	ent and self-contained breathing apparatus with full facepiece. Shield per			
Move containers from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame. Section 6. Accidental release measures				
Personal precautions, protective equipment, and emergency procedures				
Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should wear the appropriate protective equipment (See Section 8).				
Methods and materials for containment and cleaning up				
Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, then				
place material into a container for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled product.				
		naterial may pose the same nazards	as the spined product.	
Notify the appropri	riate authorities as required.			
	Section 7. Handling and stora	ge		
Precautions for safe handling Wear gloves/protective clothing/eye protection/face protection.				
Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene				
measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid				
contact with eyes, skin and clothing. Keep away from heat, sparks, and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials (Section 10) Keep containers closed when not in use Empty containers are always dangerous. Pafer also to				
away from incompatible materials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also to Section 8				
Section 8. Conditions for sofe storage, including one incompatibilities				
Conditions for safe storage, including any incompatibilities Store in a well-ventilated place. Keen container tightly closed. Keen cool. Store locked up. Store away from incompatible materials (Section 10)				

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10). Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks.

Control parameters (biological limit values or exposure limit values and source of those values) Exposure limits: Dust – PEL-TVA 15 mg/m² (total dust) & 5 mg/m² (respirable fraction): Appropriate engineering controls Use under velt-ventifiated conditions. Local exhaust ventifiation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency expeased stations, and exhaust ventifiation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency expeased stations, and exhaust ventifiation system is from entering the eyes. Wash hands-nais/face thoroughly after handling: Do not eat, drink or snoke when using this product. Practice god personal hygiene after using this material. Remove and wash contaminated work clothing before re use.   Section 9. Physical and chemical plane progreties  Appearance, physical state/colour Solid; white fiber Vapour density Not available Codour Characteristic Vapour density Not available Solubility Isoluble Relative density 0.96  H Not available Solubility Isoluble Relative density Not available				
Appergrace, ventilate conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency eyewash stations, safety/quick-deranch showers, and washing facilities available in work area. Individual protection measures/personal protective equipment Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemically protective glowes (impervious), and other protective clohing to prevent prolonged or repeated skin contact, must be worn during all handling opentions. Wear procetive clohenical spatial or ggelles to prevent miss from entering the eyes. Wash hands anial/sface thoroughly after handling. Do not at, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.  Section 9. Physical and chemical path payour pressure to Not available Odour Chemotophilo Not available Solubility Insoluble Not available Odour Characteristic Vapour pressure Not available Meting/freezing point   125-135°C Meting/freezing point   125-135°C Meting/freezing point   215-135°C Meting/freezing point				
Use under well-ventilated conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency evewash stations, safet wity quick-drench showers, and washing facilities available in work area. Individual protection measures/personal protective equipment Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemical protective gloves (inner using this model) and other protective clothing to prevent prolonged or repeated skin contact, must be worn during all handling operations. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nalis/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.  Section 9. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
None known         Incompatible materials         Oxidizing materials; etc.         Hazardous decomposition products         None known         Section 11. Toxicological information         Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)         May cause slight transient respiratory, skin and eye irritations.         Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
Incompatible materials         Oxidizing materials; etc.         Hazardous decomposition products         None known         Section 11. Toxicological information         Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)         May cause slight transient respiratory, skin and eye irritations.         Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;         Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
Oxidizing materials; etc.         Hazardous decomposition products         None known         Section 11. Toxicological information         Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)         May cause slight transient respiratory, skin and eye irritations.         Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
Hazardous decomposition products         None known         Section 11. Toxicological information         Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)         May cause slight transient respiratory, skin and eye irritations.         Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;         Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
None known           Section 11. Toxicological information           Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)           May cause slight transient respiratory, skin and eye irritations.           Symptoms related to the physical, chemical and toxicological characteristics           Skin irritation, redness; Eye irritation, redness;           Delayed and immediate effects (chronic effects from short-term and long-term exposure)           Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single           Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available.           Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )           None.				
Section 11. Toxicological information           Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)           May cause slight transient respiratory, skin and eye irritations.           Symptoms related to the physical, chemical and toxicological characteristics           Skin irritation, redness; Eye irritation, redness;           Delayed and immediate effects (chronic effects from short-term and long-term exposure)           Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single           Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;           Health Hazards Not Otherwise Classified – No data available.           Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )           None.				
Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)         May cause slight transient respiratory, skin and eye irritations.         Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;         Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
May cause slight transient respiratory, skin and eye irritations. Symptoms related to the physical, chemical and toxicological characteristics Skin irritation, redness; Eye irritation, redness; Delayed and immediate effects (chronic effects from short-term and long-term exposure) Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
Symptoms related to the physical, chemical and toxicological characteristics         Skin irritation, redness; Eye irritation, redness;         Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity         - No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;         Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
Skin irritation, redness; Eye irritation, redness; Delayed and immediate effects (chronic effects from short-term and long-term exposure) Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
Delayed and immediate effects (chronic effects from short-term and long-term exposure)         Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity         – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single         Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;         Health Hazards Not Otherwise Classified – No data available.         Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> )         None.				
Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
<ul> <li>No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available.</li> <li>Numerical measures of toxicity (ATE; LD<sub>50</sub> &amp; LC<sub>50</sub>)</li> <li>None.</li> </ul>				
Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
Health Hazards Not Otherwise Classified – No data available. Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
Numerical measures of toxicity (ATE; LD <sub>50</sub> & LC <sub>50</sub> ) None.				
None.				
Section 12. Ecological information				
Ecotoxicity (aquatic and terrestrial information) No data available for the product				
Persistence and degradability No data available				
Bioaccumulative potential No data available				
Mobility in soil No data available				
Other adverse effects No data available				
Section 13. Disposal considerations				

Section 14. Transport information			
UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations			
NOT REGULATED			
UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime)			
NOT REGULATED			
UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air)			
NOT REGULATED			
Special precautions (transport/conveyance) None			
Environmental hazards (IMDG or other) None			
Bulk transport (usually more than 450 L in capacity) Possible			
Section 15. Regulatory information			
Safety/health C	Canadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR).		
Environmental	Canadian regulations specifics Refer to Section 3 for ingredient(s) of the DSL		
Safety/health/er	nvironmental outside regulations specifics		
United States OS	SHA information: This product is regulated according to OSHA (29 CFR).		
	PA (Environmental Protection Agency) information: 40 CFR Refer to the ingredients listed in Section 3 & Sections 12; 13 & 14.		
United States TO	CSA information: Refer to the ingredients listed in Section 3.		
	Section 16. Other information		
	st revision of the safety data sheet January 14, 2022 version 3 (NSS ENTREPRISE INC.)		
Corrections	Complete review		
References	Safety Data Sheets from manufacturer/supplier & from Canadian Centre for Occupational Health and Safety, CCOHS.
