

first need XLE ELITE features even greater durability, improved sanitation, extended capacity and continued economic savings.

first need®
The Leading
Portable Water
Purifiers Relied
On For Over
30 years!

first need® XLE™
WATER PURIFICATION SYSTEM **ELITE**

Robust Durability — Increased **XLE ELITE** canister strength allows 2 to 3 times greater resistance to damage from dropping and other physical shocks.

Improved Sanitation — Innovative Cleanout Port creates more effective and convenient canister cleaning without hose removal and flow reversal, reducing accidental contact with "dirty" water during backflush.

Extended Capacity — Quick and Easy Cleanout configuration extends canister life with greater, more efficient silt and debris removal.

Economic Savings — **XLE ELITE** canister is compatible with first need XL and earlier first need systems.

Independently certified to EPA Guide Standard Protocol for Microbiological Purifiers against Bacteria, Cysts and Viruses!

Environmentally Friendly: Iodine/Chlorine not needed!

first need[®] XLE[™]

WATER PURIFICATION SYSTEM **ELITE**

General Ecology, Inc's **first need XLE ELITE** system, offering robust durability, improved sanitation, extended capacity, and enhanced economic savings for an even more innovative system than the top rated **first need XL** water purifier it replaces.

Bottle not included

TECHNICAL SPECIFICATIONS

Average Flow Rate	2 (qt./min.)
Average Canister Capacity*	180 gallons (1,440 pints)
Temperature Range	33°F (.5°C) to 100°F (38°C)
Micron Retention	0.4
Weight	16 oz.
Pump Length	6.25"
Tube (w/Prefilter) Length	36"
First Need XLE p/n	322200
First Need XLE Replacement Canister p/n	302220

**Performance may vary according to influent water quality.*

Independently certified to EPA Guide Standard Protocol for Microbiological Purifiers against Bacteria, Cysts and Viruses!

Direct-Connect Adapters

Adapters sold separately "Direct-Connect" to Platypus[®], SIGG[®], Nalgene[®] mid mouth, and other popular flexible bottles and hydration packs.
