**Step 3:** Wrap the same black cord around and insert it up between the two left cords then down through the middle of the bracelet.

**Step 2:** Bring the left black cord up through the middle of the bracelet then cross it over the two left strands.

**Step 4:** Repeat steps 2 and 3 with the right black cord on the right side.

**Step 5:** Insert the left black cord up between the right cords and through the middle of the right loop. Repeat with the right black cord on the left side.

**Step 6:** Tighten both sides leaving slightly loose. Bring both black cords and insert them down in the space above where they cross. Tighten again.
