

ML-GC-5948

LED Canopy Light

DESCRIPTION

This canopy light has a slim and low profile design which provides safe and a visually appealing lighting experience. Luminaire can be mounted directly or with 3/4" pendant mounting option. Quick mount structure for contractors to work safely and easily in the confined-space areas. It is a perfect solution to replace 150W MH metal halide lamp with a benefit of low maintenance cost.

Specification Features

Construction

► Industrial grade die-cast aluminum alloy body is tough on the elements and allow the luminaire to withstand the harshest of conditions.

Optical System

► Next generation LEDs combined with the best-in-class UV stablized commercial grade polycarbonate lens provide the most efficient lighting system. Optical system is engineered to provide professional grade light distribution and uniformity.

Electrical

► Long lasting LED coupled with UL Listed Drivers provide an electrical system that will stand the test of time. Universal voltage allow the luminaire to be used in multi-faceted environments

Finish

► Luminaire is electrostatically coated with UV stabilized powder coat providing years of worry-free service.

Certification

► cUL and UL Listed. Listed for Wet Locations. DLC Premium certified.
