To find your EZRA size, follow the instructions below. If you're still not sure - don't hesitate to contact us. We will customise outfits to your desired size.

Shoulder: Run the measuring tape behind your neck and measure from left shoulder joint to the right shoulder joint. This measurement will determine the shoulder seam-to-seam width of your top.

Chest: Run the measuring tape around your back and under your arms; measure around the widest part of your chest.

Waist: Measure the smallest part of your waistline.

Hip: This is the measurement of the widest part of your hip including the apex of your butt.
