

# CRUSADE ELEMENTS

**Crusade Elements** is an “all weather” temporary outdoor display board. Product is manufactured by back-to-back and multi-ply lamination process. The printing surfaces are identical on both sides.

**Crusade Elements** contains zero plastic and offers an eco-friendly alternative to mineral oil-based panels such as foam boards, foam PVC, polypropylene, and other plastic composites.

**Crusade Elements** has a smooth silk coated surface for excellent print results. Product offers exceptional levels of bulk, stiffness, and rigidity. Designed to offer exceptional lay flat, stay flat properties.

**Crusade Elements** has been engineered to be resilient to the effects water and moisture thus making it suitable for temporary outdoor usage for up to 12 weeks.

**Crusade Elements** contains woodpulp from well managed forests certified in accordance with the rules of the Forest Stewardship Council® (FSC®).

**Crusade Elements** is fully recyclable and manufactured to precise and controlled standards. Preston Board is registered under the ISO 9001 quality assurance scheme and the ISO 14001 environmental standard.
