

# Hi.

Let's get you up and WHIMing.

While you scope out the perfect spot for your WHIM Canvas, some things to consider. Mounting your Canvas offers you two views: you can go square or diamond.

Remember, there's no wrong answer, it's just what you prefer. So, make a choice and let's get you WHIMing away.

## A: Mounting The S5 on your wall.

It's hang time.

Follow these instructions to mount your Canvas on the wall.

Use the first QR code once you're done hanging to grab the iOS WHIM app.

Use the second QR code to see more about WHIM.

## A1: Finding the spot and preparing to hang.

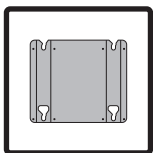

You will need

Pencil

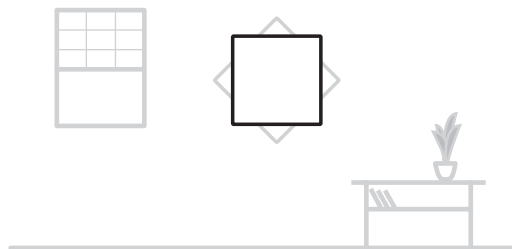

Measuring Tape

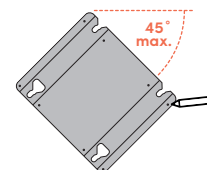

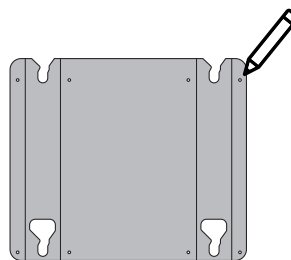

Wall Mount

1. Using the provided measurements, find the perfect spot for your Canvas.

Remember, you can install your Canvas square or diamond!

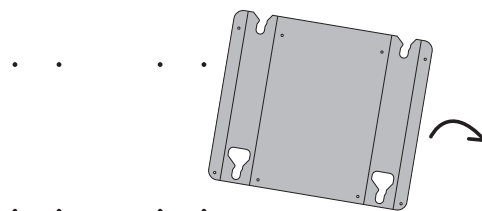

2. Once you find that perfect spot, place the Wall Mount against the wall to mark the holes on the wall. Grab a pencil and make marks in the center of the 8 holes of the Wall Mount.

For a Diamond installation, hold the mount at an angle.

3. Set the mount aside for now.

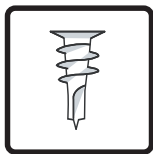

## A2: Getting your wall mount and Canvas hang ready.

### You will need

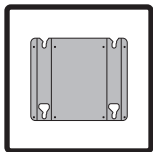

Screwdriver

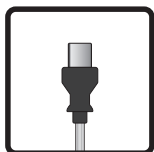

Wall Anchors (x8)

Screws (x8)

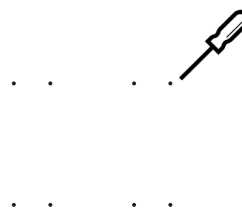

Wall Mount

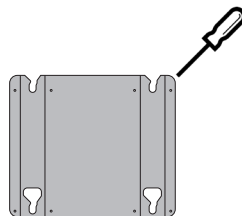

WHIM Cable

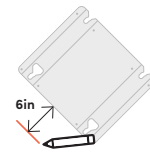

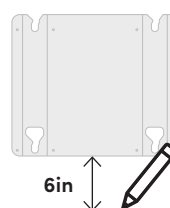

1. Screw the wall anchors into the wall in the center of the 8 holes you made with your pencil.

2. Screw the Wall Mount onto the wall using the 8 screws provided.

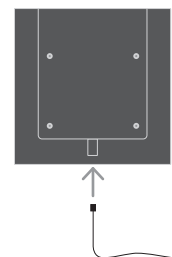

3. Draw a line 6in below the mount. This will later serve as a reference point when you hang the Canvas.

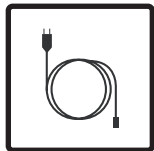

For a Diamond installation, draw your line parallel to the bottom edge of the mount.

4. Plug the WHIM cable into the back of your Canvas.

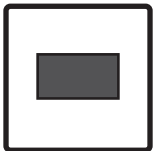

## A3: Let's Hang.

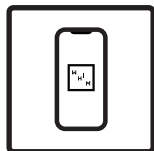

### You will need

AC Cable

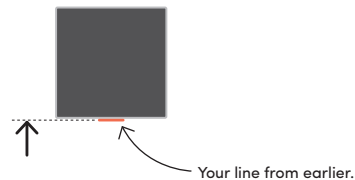

Power Brick

WHIM app

1. Line up the bottom of the Canvas with the reference line you drew below the Wall Mount.

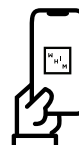

2. Keeping the Canvas against the wall, begin to slide the Canvas down until it engages onto the Wall Mount.

For a Diamond installation, lower the Canvas at an angle.

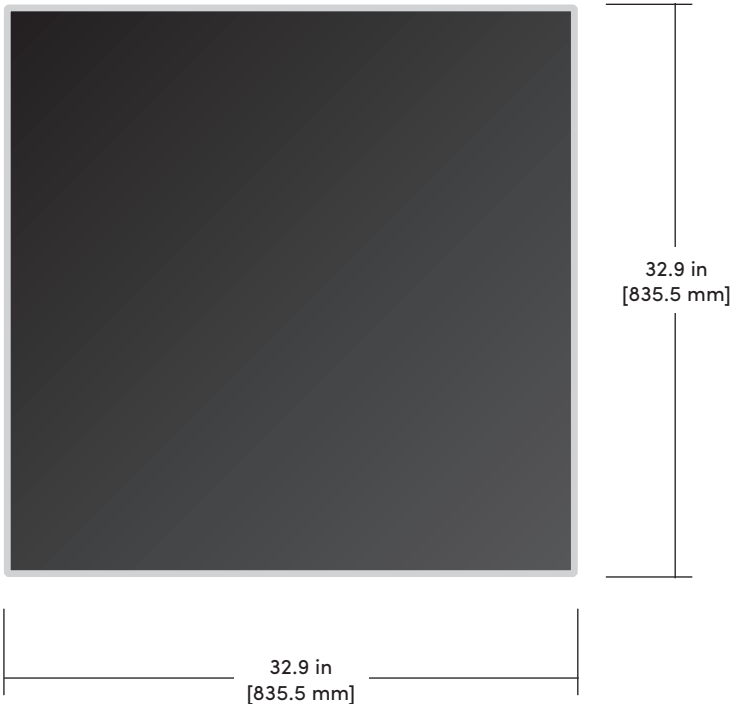

3. Finally, connect the WHIM cable to the power supply then plug it into the wall. Launch your WHIM app and get your WHIM ON!

# Reference: Measurements

Use these measurements to locate the perfect fitting spot on your wall for The S5.
