

## To Start The Game

All participants will receive one **Yes** and one **No Voting Card**.

Place the **Vote or Dare Deck** in the middle of the table face down. (Make sure to shuffle the deck)

One person will start by choosing from the Vote or Dare Deck. The person will unknowingly choose either a Vote card or a Dare card.

## Point System

Tally your own points using a paper and a pencil.

The points reflect the pepper that is on the Vote or Dare card in the bottom right hand corner.

## Dare Cards

If a Dare card is chosen from the deck, the "Dare Devil" must perform the dare.

Dare cards are categorized into points of (1pt, 2pt & 3pt) depending on the intensity of the pepper.

If the Dare Devil does NOT want to perform the dare, they do not receive any points. The person that is next has a chance to steal that dare or choose a new card.

If a player chooses a Dare Card with a purgatory symbol,

it means the dare involves another participant. The other participant involved, receives 1 point for participating in the dare

## Voting Cards

If a Voting Card is chosen from the deck, the "Vote Angel" reads the situation about themselves. (Placing your name in the blank space)

Everyone votes Yes or No using their Yes and No Voting cards, (Including the Vote Angel). Try to match the Vote Angel's answer. (Everyone's cards face down)

Whoever matches the Vote Angel's answer will receive a 1-point card. The Vote Angel is the only one who does not receive a point.

## Drink Cards

It's time to drink! Players that choose a card with a Drinking Symbol,

has to read the card aloud for everyone to perform the task that is on the card. Drink cards are not for points but to get you tipsy.

The player that picks up a Drink Card can choose another card for a second turn.

**Play as many rounds until you're all Vote or Dared out!**

**The person with the most points at the end, WINS!**
