

Speed and Stability UNITE!

sport, fishing & leisure at its best!

Features

Unique to RAPTOR KAYAK!

Patented Design: Speed and Stability

- Wide stern for unmatched stability
- Narrower design allows for easier paddle strokes (no more scraped knuckles)
- Unique ergonomic design slices through water creating aft stabilizing wave tracks
- low profile deflects water spray and reduces the effects of windage and twin keels prevent cross winds from pushing you off course
- Catamaran-style pontoons provide exceptional strength and allow for ease of movement in the boat and unmatched stability while standing/casting
- Adjustable foot braces
- Self-bailing Scupper holes
- Flush mount rod holders included

Storage:

- Stiff keels provide excellent support so you can easily store the Raptor across any rack with no fear of damage or deformation
- On-board Storage: gasketed centre hatch, bow storage for over sized gear
- On-Deck recess to hold fishing poles, store spear guns and paddles.
- UV Resistant and durable
- Heavy duty performance but light weight can be launched by one person
- Easy add-on accessories

Optional:

Live Bait Tank with scupper recess to fit the Attwood live bait pump

New: Lifetime Warranty on Hull* (original purchaser*)

SPECS: at-a-glance
