MEASURING GUIDE

1. Cut the sizing tool along the dotted line, and cut a slit on the dotted line on the left end of the sizer.
2. Wrap the sizer around the intended finger with the numbers facing out, pulling the pointed end of the sizer through the slit.
3. Move the sizer to the larger part of the finger and pull tightly. The sizer must fit snugly to produce and accurate size.
4. The number that lines up with the slit represents the ring size for that finger
