## Features

- **Versatile Voltage Range:** Operates on 120-277V, suitable for both commercial and residential installations with different electrical systems.
- **Dimmable Functionality:** Easily adjust the light's intensity to create different ambiance levels according to specific preferences and needs.
- **Photocell Sensor:** Built-in sensor saves energy by preventing the light from turning on during daylight hours or when enough natural light is available.
- **Weather and Dust Protection:** IP65 rating ensures reliable performance in wet and challenging outdoor conditions, fully protecting against dust and moisture ingress.
- **Long Lifespan:** Boasts a minimum 50,000-hour lifespan, reducing the need for frequent bulb replacements and making it cost-effective and long-lasting.
- **Anti-Glare Design:** Unique tempered glass optical design softens the light and minimizes glare, providing a comfortable and pleasant lighting experience.
