

TET3 (GlcNAc T1413) PAb

Cat. #: GS0071

Lot: A108

Package size: 0.1 ml

Description Rabbit polyclonal antibody to mouse TET3 (Uniprot Q8BG87) (GlcNAc T1413).

Tested applications ELISA

Target sequence CIDPLT(O-GlcNAc)QAESIP

Concentration 1.0mg/ml

Isotype Mixed, predominantly IgG.

Storage buffer PBS, pH 7.2-7.5 + 0.07%Tween20

Storage Frozen (-20°C or lower). Store at 4°C when thawed or aliquot and refreeze. Avoid repeated freeze/thaw cycles.

Example applications

ELISA ELISA plates were coated with the peptides indicated in the graph below, conjugated to BSA, and detected with dilutions of GS0071. The secondary antibody is a goat anti-rabbit IgG Fc.
