

# ACCESSORIES FOR YOUR PEARL II FIREPLACE

**Controls** – Take complete control of your comfort.

**IntelliFire Touch Touchscreen Remote Control** A large LCD screen and simple navigation provide easy operation. Feel confident knowing alerts and notifications will appear when needed. The RC400 acts as a thermostat and can be used as a remote, or docked on the wall.

Features on/off, flame height adjustment, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, automatic battery backup, cold climate mode, power vent, and wall docking station.

## IntelliFire Touch Wireless Wall Switch

Features a simple, single mode function and is specifically designed for wall placement, ensuring a great fire is just a flip of the switch away. Features battery strength indicator, automatic battery backup, on/off.

**Fronts** – Front options and colors offer a tailored appearance to any hearth.

**Corner Fireplaces** – Available in right and left corners. Same remote control and fan options available.

Right corner fireplace with decorative Black mesh front

## Technology

**IntelliFire Touch Ignition System** The most advanced and intuitive IntelliFire system, making operating your fireplace simple, smart and safe. Select the wireless wall switch or touchscreen remote for the solution that fits your life.

**Direct Vent Technology** Direct Vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.

**Power Venting** Fireplaces aren't just for exterior walls. A fan-powered accessory with slim venting can zigzag throughout your home – up, down, over or under – making it possible to install a gas fireplace virtually anywhere.

## Additional Options Not Pictured

- Fan kit extends the heating range of your fireplace
- A selections of mantels, surrounds, and shelves available at [MajesticProducts.com](http://MajesticProducts.com)
