

LABORATORY TESTED  
QUALITY FOR MORE THAN  
**10,000 OPENINGS**

MAINTENANCE-FREE DURABLE QUALITY. OPTIMAL SAFETY.

Manufactured in Canada according to the highest standards of quality, our mechanisms are known for being the best in the industry.

With simple, maintenance-free tension settings, our system is smaller and more efficient. A metal plate also covers the spring lifting system for maximum safety.

**MECHANISM**

- Fully secure
- Tailored mechanism
- 18 springs of 180-pound resistance
- Adjustable tension
- Tough and solid steel structure
- Made entirely in Canada
