- **Decking**
- **Fencing**
- **Sheds**
- **Garden Furniture**

Colours shown will vary with wood type, colour, grain, texture and wood porosity. Surface colour and texture can affect final finish colour and the number of coats required to achieve the desired colour. Test a sample on the surface to be finished before proceeding. Colour accuracy is ensured only when tinted with Owatrol's exclusive colour formulas provided to retailers. Colour chips represented on this colour card are affected by heat, light and age and may vary slightly in colour and sheen from the actual product. The colours shown here are an artistic representation of the colour.
