Installation & Maintenance Guidelines

- Work with a professional natural stone installer. Consult setting material manufacturers such as Bostick, Mapei & Laticrete on suitability of products.
- Industry standard suggest ordering at least 15% overage due to breakage, tile cuts, and future repairs.
- Veins, natural voids, fissures, variations in color, shade, texture & size are normal in natural stone.
- It is recommended to dry lay all tiles prior to install to achieve the color and pattern desired.
- Sealing natural stone is recommended before and after grouting, for an easier clean up.
- Sealing your tile regularly helps prevent staining.
- Industry standard deems installation as acceptance of material.
