

Spink Edgar UPHOLSTERY by tetrad

It's not easy to transform your home into something you love. It's about creating spaces your family and friends will adore to be in, spaces that reflect your lifestyle and taste.

Spink & Edgar Upholstery has launched a completely new range based on glamourous modern classics with an Art Deco twist.

Every piece is meticulously made by hand in the heart of Lancashire.

The collection features stunning GP & J Baker printed fabrics and sumptuous velvets from Italy, combined with the award-winning Spink & Edgar pocket springs cleverly placed in the seat and arms providing unrivalled comfort and support.

Spring technology

For five generations the Spink family have lent their name and passion to creating quality components such as their springing systems, making them unique in their field of expertise. Harrison Spink's patented technology has been recognised and presented with the highly prestigious Queen's Award.

Our seat cushion interiors contain these pocket springs softly enveloped in a feather wrap, along with small high-density springs skilfully placed in arms, back and seat platforms.

This results in an outstandingly supportive and comfortable sit which reacts instantly to movement, retains its shape for years and negates the need for occasional maintenance and plumping.
