# DIRTY DOWN LIQUID EFFECTS – USER GUIDE

## COVERAGE

- 25ml ≈ 3×3 ft / 1×1 m
- 250ml ≈ 30×30 ft / 9×9 m

## BEFORE USE

- Shake until ball bearing rattles
- Stir with old brush until smooth

## APPLICATION

- Apply straight from pot
- Don't add water to original pot – dilute separately if needed
- Avoid porous surfaces (e.g. raw wood, paper) - Apply only to non-porous surfaces
- Test first on hidden area

## EFFECTS

- Apply unevenly for patchy look/ Add coats to darken
- Dab/splash with water for shade variation
- Let paint evaporate in separate pot to darken

## Brush Types

- Fine brush: Detail
- Stiff brush: Dry-brushing
- Large soft brush: Broad areas
