

Seeds & Starts 3-Tier Walden White LED Grow Tent Kit

Adjustable 3-Tier Shelving

3 sturdy shelves (47.5"x24") provide up to 32 ft² of grow space and support up to 45 lbs each. Easily adjust shelf heights to meet target lighting requirements for different plants.

EcoWhite PEVA – Triple Layered

The 100% toxin-free material creates a safe, stylish and easy to clean growing area. The tent interior is 10% more reflective than even the most reflective mylar tents.

Double-wide Front Doors

Double-wide front doors allow growers easy access to plants or to put them on full display. Light-blocking zipper covers prevent light leakage.

Infinity View Front Windows

Extra-large front viewing windows let growers check on plants without disturbing humidity or temperature. Window covers roll back and secure with velcro straps.

- Sun White Pro Spectrum
- Built-in on-off switch
- Up to 12 fixtures can be daisy chained together on a single circuit
- 40,000-hour lifetime and a 3-year warranty

1/8" Hydroponic Hangers

- Kit includes 12 hangers
- Heavy duty 1/8" braided rope with carabiner and ratchet
- Fully adjustable and auto locking
- Supports up to 150 lbs/pair
- Designed to hang lighting, fan, filter, etc.

What Can I Grow?

The Seeds & Starts 3-Tier Walden White LED Grow Tent Kit provides everything you need to grow seedlings and other low-medium light level requirement plants like microgreens, vegetables, clones and more in 10x20 trays, small-medium sized pots or small hydroponic setups. Fixtures should be placed 6-12" above plants. The Seed Starting Kit is also ideal for hardening off seedlings before transplanting outdoors.

Sun White Pro Spectrum

Our most professional grade production spectrum and a game changer for commercial facilities is formulated with higher blue light content and dedicated 660 nm (red) wavelengths to promote healthy vegetative growth, root development, tight internodal spacing, phytochemical production and increased flavonoid content.
