The dimensions, etc quoted here are correct at the time of writing but may be subject to change. Please check with your dealer before commencing any building works or installations of these appliances. A slight reduction in performance may result if high ceilings, large glass areas or lack of insulation are present. Ultimate reserves the right to alter specifications without notice. Photos are for illustrative purposes only. Some colours may vary due to the printing process.

FRAME CUTOUT

Luminar 3000 Frame and plaster cutout dimensions.
NOTE: Minimum frame depth 450mm.

Example Wall mount shown below.

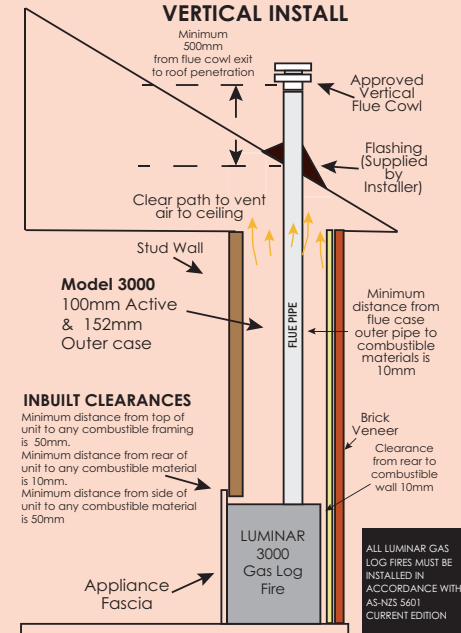

The frame and plaster cutout dimensions as shown above should be cut as accurately as possible to ensure adequate coverage by the appliance fascia. Illusion can supply fabricated full metal frames to simplify the installation and reduce costs.
