Ron Chisney Chief Executive Officer of the IAPMO Group
This GasMark Schedule supersedes all previously issued Schedules

DIMENSIONS

Please note: Matrix gas log fires fascias are available as either wall mounted or floor mounted. See above drawings for fascia sizes.
The Flue system must be installed by an Authorised installer.
Some installations may require the provision of a hearth to protect the floor from radiant heat. Contact your Illusion dealer for more information.

FRAME CUTOUT

MATRIX MEDIUM Frame and plaster cutout dimensions.
NOTE: Minimum frame depth 600mm.
Example Wall mount shown below.

The frame and plaster cutout dimensions as shown above should be cut as accurately as possible to ensure adequate coverage by the appliance fascia. Illusion can supply fabricated full metal frames to simplify the installation and reduce costs.

The cutout dimensions (Shown at right) are the same for both the Wall mounted or floor mounted versions of the Matrix Gas Log Fire.

The wall mounted Matrix fascia must be 250mm or more above the floor to prevent damage from radiant heat.

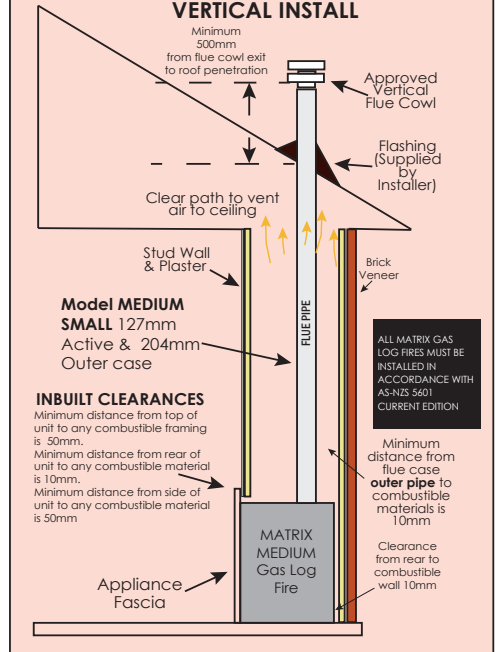

A Hearth is required for the floor mounted version. The hearth must extend 150mm past either side of the fascia sides and must be constructed of non combustible materials.

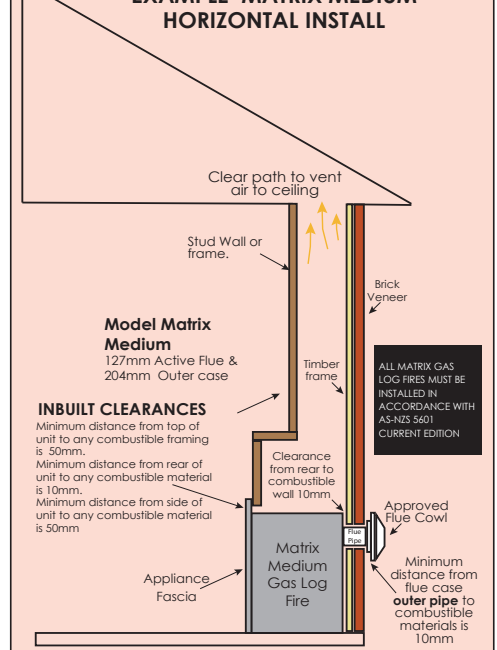

INSTALLATION

EXAMPLE MATRIX MEDIUM VERTICAL INSTALL

ALL MATRIX GAS LOG FIRES MUST BE INSTALLED IN ACCORDANCE WITH AS-NZS 5601 CURRENT EDITION

EXAMPLE MATRIX MEDIUM HORIZONTAL INSTALL

ALL MATRIX GAS LOG FIRES MUST BE INSTALLED IN ACCORDANCE WITH AS-NZS 5601 CURRENT EDITION
