Instructions for the Matilda Rocker

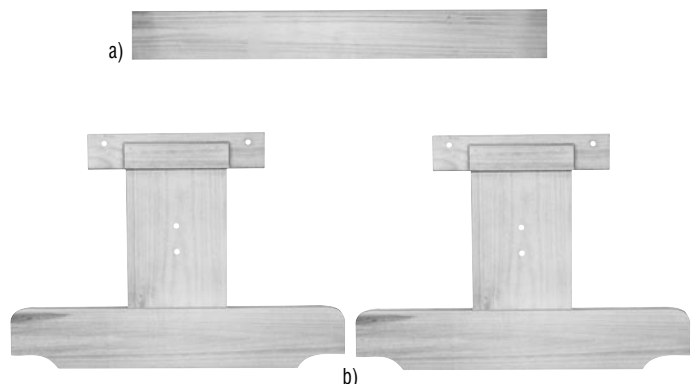

- a) 4 x Rocking Bars
- b) 8 x Capping Nuts
- c) 12 x 54mm Connecting Bolts
- d) 4 x Castor Sleeves
- e) 4 x Castors
- f) 1 x Allen Key
- g) 2 x Wooden Dowels

a) Head Panel b) Foot Panel (facing out)

a) 1 x Base Panels b) 2 x Side Panels

a) Cross Beam b) 2 x Leg Panels (facing out)

Assembly

Stage 1 Base Section:

- Gently hammer the 4 castor sleeves into the holes provided at the bottom of the leg panels.
- Push castors into castor sleeves.
- Attach cross beam to leg panels with four connecting bolts and 2 wooden dowels.
- Attach the 4 rocking bars to the base frame as shown with 4 capping nuts provided (Do not tighten at this stage).

Stage 2 Cradle Section:

- Attach the 2 side panels to the head panel with 4 connecting bolts. (*Make sure the grooved side of the side panel is facing inward - see picture on right*)
- Slide the base panel into the grooves of the side panels.
- Attach the front panel to the side panels with the 4 connecting bolts.

Stage 3 Finished Product:

- Attach the cradle section to base section by inserting the rocking bars into the holes on the foot and head panels. Secure them in position with 4 capping nuts. (*see picture*)
- **Tighten all bolts** (Do not over tighten).

WARNING:

- Please ensure that the brakes on all four castors are released before moving the cradle.
- Regularly check your cradle to ensure that all the rocking bars are in their correct positions, and the capping nuts are tightly fitted.
