Based in Tyndrum, Scotland's best-loved and liveliest roadside diner is looking for new recruits. Situated on Scotland's busiest tourist route at the start of the Western Highlands, we provide a complete food service from 07:30 until 21:00 serving over 200,000 customers per year. We have a reputation for welcoming every type of visitor from tourists to families, from West Highland Way walkers and to kayakers, providing all of them with high-quality food on the move. Our award-winning fish & chips and home baking are legendary.

Each member of our team has a passion for food and quality. Great ingredients and the highest standards of customer service are what makes us tick. We're proud to reward hard work and commitment, and whilst we are demanding, we also provide the tools and personal development opportunities, to help each individual succeed.

Your personal qualities are the most important thing to us. Full training is provided, we offer the opportunity to learn every different position in the cafe and we have sponsored many team members through further education leading to recognised industry qualifications.

This role suits an organised, motivated worker with a keen eye for detail and an 'heads up' attitude. You will always be looking for opportunities to interact with customers and help your colleagues. There is an energy to working in the Highlands during peak season and we are right at the heart of it. This job is fast paced and physical challenging due to the number of customers we serve, its not for everybody but those that join, find the work very rewarding and satisfying.
