INTRODUÇÃO

Bruno Moreno Studio existe desde 2017, já a sede em pinheiros é de 2019. Desde então pesquisamos e colecionamos cores, com 240 cores catalogadas. A cada ano desenvolvemos coleções que refletem o momento contemporâneo para ser incorporado nos ambientes externos e internos. Somos um escritório de paisagismo, e assim, desenvolvemos projetos desde o desenho de conjuntos de vasos até jardins residenciais, comerciais e de condomínios.

AVES DO BRASIL

LISOS 23

AVES DO BRASIL

A coleção de cores lisas 2023: **AVES DO BRASIL** é uma parceria **BM studio** com **SAVE Brasil**, parte do dinheiro da venda dos vasos será destinado a ONG. A SAVE Brasil há 15 anos desenvolve um trabalho de conservação de aves e dos ambientes, conectando pessoas a natureza. A parceria vem de um reconhecimento da simbiose entre a flora e fauna.

Somos um escritório de paisagismo que compreende a importância dos passáros dentro do sistema ecológico, uma vez que eles comem frutos, transportam sementes e plantam florestas. Assim, foram escolhidas **8 espécies** para homenageramos.

VASOS DE **COLEÇÃO**

C A S T E L O

Quem não gosta de fazer um
castelo na areia?

Perfeito para ambientes neutros ou
compondo com outros modelos.

H E L Ô

Inspired by the collection we made
for a dear client.

Helô works beautifully for
environments with a palette of
calm and creamy colors.

S O U C H I C

O vaso mais chiquetoso de todos.

Tem uma personalidade próprio e
mistura lindamente em com-
posições de salas.

TAKENOKO

Vaso leve e calmo.

O Takenoko traz a nossa inspiração das florestas de bambu, significando literalmente broto de bambu que ressalta essas cores.

O F F W H I T E

Um dos clássicos da marca.

O Off white tem um tom claro e neutro para combinar com ambientes modernos.
