

Welcome to Pet Doors Australia!

Australia's leading Pet Door supplier and manufacturers since 1992. Australian owned and operated.

We have an extensive range of standard door sizes, and also manufacture made to order pet doors for any size glass door or window.

We custom make Perspex pet doors to replace glass panes and solve challenging spaces.

We have an extensive range of quality pet doors that install into weatherboard and brick walls, timber doors, garage and security doors.

Shipping Australia wide.

Other pet door type installations:

We have an extensive range of quality pet doors that install into weatherboard or brick walls, timber doors, garage and security doors.

Perspex: our Perspex pet doors can be placed in timber doors, and weatherboard and brick walls with a liner - not only in glass. The liner is made to order to fit cavity of your door or wall. Available in Black (Matt, or Gloss), White.

Wall Liners: We manufacture our wall liners to suit Cat Mate, Dog Mate and Petsafe/Staywell pet doors supplied by us (S, M, L, XL).

Liners come in 2 sections that fit together to fit wall cavities of differing sizes as they are adjustable (no internal wall stud framing required).

Security doors: pet flaps can be custom made to any size and installed.
