it's time to Make Cupcakes!

- ✓ First we decorate the cupcake take home boxes. Then the hosts will go through the cupcake decorating kits with the guests.
- ✓ They will introduce and explain how to use the tools, cutters and fondant (if age appropriate) - which they start to feel and play with the fondant. This is the fun part as the party guests get to look, touch, feel and figure out what all of their tools are for.
- ✓ Party guests are guided by the party hosts who will be giving a live demonstration of each step, step by step as they go along so no one will be left behind.
- ✓ First step, we soften and roll out the fondant and cut out a whole lot of shapes with the cutters, this is the fun - deciding what shapes to cut out, why not cut out one of everything!
- ✓ Second step, guided by the hosts, we roll out fondant to form the base of our cupcake decorating, we will use special cutters as well as embossing rollers that give the cupcake that extra unique flare.
- ✓ Third step, once again guided by the party hosts, we continue decorating the cupcakes with some of the shapes that we cut out in the first step, each guest learning not only how to stick the base fondant layer to the cupcake with the frosting, but then how to layer and decorate the cupcake with the fondant shapes cut out – we will decorate 3 cupcakes each together with the host.

let's play!

- ✓ Time for FREESTYLE!! This is where the party guests get to play with their creativity and unleash their decorating skills now they have the know-how. Party guests will decorate their remaining 3 cupcakes themselves with supervision and assistance from the hosts where required.
