MARQUETTE KING

INTERNATIONAL DJ & ARTIST

Arizona-based entertainment savant, Marquette King has been focusing on dialing in his new-age take on sound for the past several years. The All-Pro NFL Punter, Marquette has been officiating the marriages of different contemporary genres and mediums, making sure to not just engineer the music, but to make the audience experience the audible illumination coming through the speakers.

A different player in the entertainment game, Marquette's long time spent on the football field introduced him to need of expression and release through songwriting, acting, and sound. Utilizing these passions specifically curating the relaxing and enchanting emotions with the mix of EDM, House, and Pop-Hop continue to push the boundaries of what new genre breaking music can be.
