FITNESS BOOSTER

Pure-Col is a 100% pure collagen formula in tablet form that provides the ideal solution for active sports people seeking physiological protection, maintenance and repair. Collagen is the most abundant structural protein found in cartilage, muscle, tendons, ligaments and bones. It has, however, been scientifically shown that collagen diminishes at a rate of approximately 1.5% per annum from the age of 25 years onwards - which is why it is essential to supplement this reduction to joints, reduced aches and pains, plus overall physiological protection, maintenance and repair. For effective and sustained results this product should be used for a minimum of three months.

● RRP: £29.95 for one month, £70 for three months or £130 for six month's supply.

ON COURSE COMFORT

The Dawson is one of three Insula garments from Galvin Green in 2009, made from a special lightweight fabric with excellent thermal insulation properties and high levels of breathability. Featuring a zip neck and four colour options, Dawson is an ideal intermediate layer as part of Galvin Green's multi-layer concept.

Colours: chilli red/black/white; fog/black/chilli red; green/black/white; ultra marine/black/white

● RRP: £89

The striking Bond Windstopper Soft Shell jacket from Galvin Green provides complete windproof protection and exceptional levels of warmth in cold weather. The breathable, full-zip garment transports moisture away from the body while retaining heat, and also features stretch properties for outstanding freedom of movement.

Colours: green/black/white; white/ultra marine; black/gunmetal.
