

music hall

mmf-1.3 turntable

THE MUSIC HALL MMF-1.3 TURNTABLE SETS A NEW BENCHMARK FOR AFFORDABLE AUDIOPHILE TURNTABLES. WITH A BUILT-IN PHONO PREAMPLIFIER AND A QUALITY, PRE-MOUNTED CARTRIDGE, THE MMF-1.3 IS EVERYTHING YOU NEED TO START LISTENING TO VINYL RIGHT OUT OF THE BOX!

focus on components

Our new entry-level turntable provides a feature set that is unrivaled at its price. The construction of the mmf-1.3 has been simplified to focus on the critical components; the bearing, the motor, and the tonearm.

a complete package

pre-mounted cartridge

A quality Audio-Technica cartridge is pre-mounted and precision-aligned.

speed control

A built-in speed control circuit ensures the accuracy of the mmf-1.3's 3 speeds.

built-in phono preamplifier

A built-in phono preamplifier allows you to connect directly to your current system.

dust cover

A hinged dust cover keeps your mmf-1.3 protected when not in use.
