FOREWORD

Both the abridged and unabridged Catalogue and Standardizations for Baan Celadon are produced with the intent to alleviate some of the difficulty in comprehending the 6000 plus items produced by Baan Celadon both in past and present.

For the sake of simplicity all items present in this documentation will be represented in green Celadon glaze and an arbitrarily decided upon size, despite a similar product being typically available in blue glaze and oftentimes many other sizes. For example, an image of the item Plate 6.5", Carved Edge Siam, will be shown in this catalogue in green glaze, despite a blue glaze option in sizes ranging from 6.5" to 11" also being available for production and purchase.

Prices displayed in this catalogue are applicable only up until the date of publication. Baan Celadon encourage our readers to make note of the date of publication displayed in the front cover prior to reading. Item availability will vary.

While this catalogue will be by no means exhaustive, our hope is that it can provide use as guidance in understanding the possibilities of a customer or clients' requests. For more information, readers may fill out a contact form by visiting <https://baanceladon.store/pages/contact>, call (+66) 53 338 288 or email info@baanceladon.store.
