Crème Atelier Soft Serve Lamp Portable product information

The light source is a single LED module emitting 2200K (Warm white) light and the intensity can be adjusted in 3 steps. The lamp can be used outdoors. The lamp is protected from dripping water. The lamp comes equipped with a USB charging cable to charge the lamp. Please make sure to use a 5V 1.5 or 5V 2A adapter to charge the Soft Serve Lamp Portable. A fully charged lamp remains lit for approx. 12 hours (at 100% brightness).

**WARNING: READ ALL INSTRUCTIONS BEFORE USE!
SAVE THESE INSTRUCTIONS!**

This is not a toy, please keep away from children.

Battery

Soft Serve Lamp Portable contains a battery which cannot be replaced or disassembled. It must be recycled or scrapped separately from household waste. Do not incinerate! Please contact Crème Atelier on hello@creme-atelier.com for more information.

Instructions for use

- Make sure to use a 5V 1.5 - 2A USB adapter (using a different power adapter may cause irreparable damage to the luminaire).
- Use only the supplied USB cable to charge the lamp.
- When using outdoor use portable luminaires, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury, including the following.
- Do not expose the lamps for excessive heat from heat sources.
- The lamp can be used outdoors and is protected against rain. Do not use the lamp under water (the lamp is not water proof).

- Check the voltage of your power supply. The voltage must be between 100 and 240 V AC current.
- Charge the luminaire by connecting the magnetic connector (on the bottom of the luminaire).
- Charging the lamp should always be done indoors.
- Connect the USB with a 5V 1.5A or 5V 2A adapter, and snap the magnetic head of the cable to the magnetic connector of the lamp. Plug the adapter into the wall socket.
- We recommend charging the batteries for 3-5 hours if you are charging the Soft Serv Lamp Portable for the first time.
- There is an indicator light located next to the magnetic connector. While the battery is charging, it lights up red. The indicator light will light up green for 60 seconds when the battery is fully charged.
- For normal charging, it will take aprox. 4 hours to fully charge the lamp.
- The lamp can be operated by pressing the on/off button on the bottom:
 - The lamp is turned off
 - Press one time: intensity lights up 35%
 - Press second time: intensity lights up 65%
 - Press third time: intensity lights up 100%
 - Press fourth time: the lamp is turned off

Maintenance

When not in use for a long time, make sure the lamp is turned off. We recommend to recharge the lamp every year, to keep the battery in good condition. Do not leave the lamp outdoor for a long period.

Cleaning the lamp

Wipe the surface with a soft, damp sponge or cloth, and wipe immediately with a dry cloth.

Do not use any abrasive cleaning tools such as steelwool, scouring sponges or stiff brushes. Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinner.

The lamp has fallen and is now damaged

Wipe. If the lamp no longer works it is unsuitable for use. If the is the case, please contact Crème Atelier on hello@creme-atelier.com

Never attempt to repair the lamp yourself!

IMPORTANT!

Please contact Crème Atelier if you have any other problems.

Technical specifications

Model: Soft Serve Lamp Portable

Secondary rating (adapter recommendation): 5V DC, 1.5 A Charging rate 2 A (Charger not included)

All electronic parts are made in china. Lamp hat and base is made and assembled in Sweden.

Safety class: Class 2,5V, Max 1.0W

Connection: USB, Nickel and gold plated copper magnetic self-mating connector.

Light source SMD: 2835

Switch: Touching switch (100%, 65%, 35%, OFF)

IP Value: IP44

Ambient temperature: -10~45 °C

Materials: (Hat/base) Recycled PLA, (Other parts) ABS/PP/IRON.

Internal battery: 2 pcs 18650

Dimensions: H 230 mm, Ø 205 mm

Weight: 0.6g

This luminaire contains a non-user replaceable LED light source, which cannot be replaced by the end user; the whole luminaire shall only be replaced by the manufacturer. We do not recommend to use the luminaire with the adapter connected for a long time, this can seriously reduce the battery life time!

CE-directive

This product complies with the requirements and other relevant provisions of the current European RoHS and CE Directives 2011/65/EU, 2014/30/EU, 2014/35/EU.

UL

CONFORMS TO UL153.
CERT.

FCC Compliant

Supplier's Declaration of Conformity

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

WEEE instruction

This product is subject to the provisions of the WEEE Directive 2012/19/EU. Do not dispose of this product together with regular household waste. Consult your local waste disposal authorities for information on collection points for electrical and electronic waste products.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Warranty

Crème Atelier warrants its products to be free from defects in materials and workmanship for a period of two (2) years from date of delivery.
