Day 2 (31st Jan) - Trang An & Tam Coc

Rent a taxi from here for the day or talk to them. You could also rent a scooter here or here

Likely the most popular day trip from Hanoi because of the spectacular scenery, the trip starts with a two-hour drive into Ninh Binh Province, where you then get on boats and float down the Sao Khe River. At Trang An, you'll float into caves and glide past towering limestone karsts, weaving through scenery unlike anywhere else in the world. After you finish your Trang An boat trip (which takes about two hours), make the short trip to Tam Coc. It only takes about 10 minutes to travel between these two popular spots. At Tam Coc, there are even more amazing karst formations. Unless a tour group has decided for you, you'll have the option of either biking or going on another boat ride.
