2 Kings Premium Coffee:
Elevating Your Coffee Experience

**Discover the Finest
Coffee Blends**

OUR COFFEE SELECTION

Original Blend: This collection is made from high-quality coffee beans sourced from different regions worldwide. These beans are selected for their exceptional flavor profiles.

Single Origin: Sourced from one single producer, crop, or region in one country. Single farm and single estate mean that the coffee we source is from one farm, mill, or co-operative.

***Flavored Blend:** We create by adding natural or artificial flavorings to the beans prior to roasting, allowing them to be fully steeped into the grounds. These flavorings include extracts, oils, essences, syrups, infusions, and other flavored ingredients.

WHY CHOOSE US?

At **2 Kings Premium Coffee**, we are passionate about delivering an exceptional coffee experience. We meticulously source the highest quality coffee beans from around the world, ensuring every sip is an indulgence in flavor and aroma.

OUR STORY

"2 Kings" symbolizes the relationship between a father and son. Our motivation for establishing this enterprise stems from our three-decade long friendship and our commitment to leaving a lasting inheritance for our children. As responsible fathers, we place great emphasis on the importance of intergenerational wealth and financial education.

OUR VISION

We are committed to sustainability and ethical sourcing. We partner with farmers who share our values, ensuring fair wages and promoting environmentally friendly practices. With every cup, you can feel good about supporting a coffee brand that prioritizes both people and the planet.

OUR MISSION

Our mission is to change the perception of specialty coffee by promoting it in a socially conscious way and including underrepresented communities, particularly black and brown people. We invite you to discover the exceptional taste and culture of Memphis, TN through our carefully roasted coffee.
