HARBOUR HAND-CRAFTED LUXURY FURNITURE BRAND DEBUTS POP-UP SHOWROOM IN THE ICONIC MIAMI DESIGN DISTRICT FOR FIRST MIAMI SHOWROOM

LUXURY OUTDOOR LIFESTYLE BRAND BORN IN AUSTRALIA CRAFTS TIMELESS DESIGNS THAT ELEVATE SPACES AND ENHANCE EXPERIENCES

MIAMI, FL – Harbour – the luxury Australian furniture brand that designs and manufactures outdoor furniture has announced the opening of its first Miami pop-up showroom at **3925 North Miami Avenue** this November.

With showrooms coast to coast in New York City, Los Angeles, West Hollywood, Houston and Orange County, Harbour stands out as the ultimate destination for outdoor design with a distinctive range of collections featuring unique designs of incredible comfort and durability — all inspired by a profound connection to the rich Australian coastal landscapes and lifestyle the company calls home.

“Miami is a natural next destination for Harbour,” said Harbour Creative Director & Co-Founder Nicholas Condos. “We’ve always had a strong showing in the Miami design community because the coastal lifestyle here aligns so closely with our own Australian way of life.”

“Bringing Harbour to Miami has always been a dream for us,” said Harbour Co-Founder & CEO Harrison Condos. He added, “And being located in the iconic hub that is the Miami Design District is a perfect opportunity to connect more deeply with that community.”

Opening soon in the Design District on North Miami Avenue between NE 39th and 40th Streets, the new Harbour showroom invites designers and consumers alike to experience their latest collections. The brand’s collections are also available via its website – shopharbour.com.

With all design and manufacturing in-house, Harbour – which derives its name from the iconic Sydney Harbour Bridge – is uniquely positioned to craft pieces in their own Modern Australian style: defined by a sleek and contemporary coastal profile that prioritizes comfort, deep seating and a low profile. Renowned for designing collections for some of the world’s most notable high-end hospitality projects, Harbour is the preferred design partner for brands like the iconic Parker Palm Springs, One&Only Resorts, Hilton, Four Seasons, Scorpio’s Mykonos and Saks Fifth Avenue, to name a few.

ABOUT HARBOUR

Since 1976, the Condos family has crafted hand-made furniture. Harrison and Nicholas' passion for design, detail, and architecture drove them to grow their father's company, Tecno Furniture, with an export arm, Harbour. The intricate details of metalwork and craftsmanship have been carefully passed down from one generation to the next. Much of the fusion of traditional and modern elements in their designs can also be traced to the brothers' Australian roots. The designers reference the country's modern beach houses, which blend effortlessly into the rugged coastline, as a prime example of the beauty created in welding techniques. Harbour creates furniture of unique design, incredible durability and a deep sense of culture derived from the harsh climates that Australians call home. All pieces are built to withstand a variety of climates and made with beautiful but durable materials like powder-coated aluminum and mildew-resistant upholstery.
