## ABOUT OLLYSKINS NEOARM SLEEVES

Ollyskins **NeoARMS** are designed for use in a wide variety of Industrial, or even domestic settings to reduce abrasion to the lower arm, or provide additional support, warmth or to keep your arms dry. Available in a range of sizes, these Armlets are a low cost product with high user benefits.

Note: Always roll your **NeoARMS** off to remove them.

## APPLICATIONS

**NeoARMS** have a diverse range of uses for Tradesmen, Automotive, Industrial and Medical to protect against a variety of hazards including abrasion, cuts, impact, water, other fluids, cold and to offer support. The 5mm Neoprene Rubber is soft to wear, washable and shaped to fit your arm for comfort. Available in a range of sizes to suit all wearers, NeoArms can be found in use daily in many industry sectors.
