PRODUCT ADVANTAGES

Syltrap Helios® is a UVA lamp (370nm) with patented LED technology, exclusive to BRC.

Developed in partnership with Sylvania, it generates unparalleled attractiveness, measured in laboratory at 150% more attractive than a UVA standard lamp (CFL UVA).

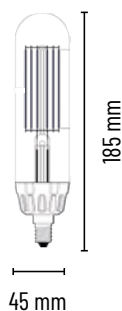

Helios® technology allows an energy saving of 75% compared to a CFL 20W UVA.

100% retrofit, its connection via an E14 or E27 socket allows you to equip and maintain traps already installed.
