

## **J1200 MEDIUM SCOOTER LOCKING CARGO BOX:**

The Scooter Locking Cargo Box comes in two sizes, medium and large and is compatible with most mobility devices with an accessory hitch. To see our YouTube Video on unboxing and installing your Medium Scooter Locking Cargo Box, click [HERE!](#)

No tools necessary!

### **INSTRUCTIONS FOR UNBOXING:**

- 1) Take the locking cargo box out of the shipping box and remove the plastic.
- 2) Press the keyhole and open the cargo box for the keys. They might be under the mat.
- 3) Flip your cargo box upside down. With your box cutter facing away from you, cut the plastic zip tie to release the brackets and Clevis pins.
- 4) You'll notice that one side of the bracket has one hole for the locking knob and the other side has four holes for the Clevis pins. With the locking knob side with one hole facing up, insert the bracket. Tighten the locking knob and secure the bracket with a Clevis pin. Now you're ready to attach this glossy trunk to your scooter or power chair.

\*To lock your Scooter Locking Cargo Box, simply insert the key and turn it to the right to the horizontal position. Press the lid closed until you hear a click. Now it's locked.

\*\*To unlock your cargo box, simply insert the key and turn to the left to the vertical position. To open your cargo box, press the keyhole.

### **INSTRUCTIONS ON ATTACHING TO SCOOTER:**

Insert the mounting bracket of the Cargo Box into your scooter's universal accessory hitch receiver. Secure with the clevis pin.
