

MIKIT

SAY HELLO TO MK72

User Guide

Three Ways of Connecting Devices

Short Press:
Hold **FN** first, then the **corresponding key**, and release both keys.

Long Press:
Hold **FN** first, then the **corresponding key**. Hold for 5 seconds until the indicator starts blinking.

Bluetooth Mode

1 Toggle the keyboard Mode Switch to the wireless side.

2 Short Press FN+1 to make the indicator blink, then Long Press FN+1 to make the indicator flash.

3 Select the pairing device [Mikit MK72 BT].

4 The indicator turns off when the keyboard is paired successfully.

*In order to complete the pairing of the keyboard with a second or third new Bluetooth device, repeat the instructions from Step 2 and replace the "FN+1" with "FN+2" or "FN+3".

2.4GHz Mode

1 Toggle the keyboard Mode Switch to the wireless side.

2 Plug the 2.4GHz receiver into your computer.

3 Press FN+4 to enter 2.4GHz connecting mode.

4 The indicator turns off when the keyboard is connected successfully.

*Please find the 2.4GHz receiver at the bottom of the keyboard.

Wired Mode

1 Toggle the keyboard Mode Switch to the wired side.

2 Plug the USB cable into your device.

*When being plugged into the computer, the keyboard will start to charge automatically.

*Caution: The rated power for the charger must not exceed 5V=1A. Connection to a higher power output will damage the keyboard.
