

THOUGHTFUL GIFTING

INTRODUCING PERSONALISED & CUSTOMISED GIFTING OPTIONS

OUR STORY

Aureliia Collection: Where Luxury Meets Sustainability

Aureliia Collection is the brainchild of Krystal Parkinson and Raelene Frank, two co-founders who share a passion for design and product. With years of experience in the construction industry, they were determined to make a difference. They noticed the excessive waste within the industry and wanted to take action towards a more sustainable future.

Thus, Aureliia Collection was born. The brand was created with the goal of merging together luxury and sustainability, while paying close attention to the smallest details. At Aureliia Collection, we are committed to providing our customers with exclusive, luxurious products that reflect our values.

Join us in our mission to save the planet while indulging in the best of both worlds – luxury and sustainability.

ABOUT OUR SERVICE

Offering personalised and customised gifting options, with each gift pack being individually curated to meet your needs.

We take pride in offering personalised solutions ensuring your gifts resonate with your taste and preferences.

Our gifts are carefully curated with bespoke touches and luxury products to provide the perfect balance of sustainability and personalisation.

With our offerings, your gifting experience will be truly memorable.

OUR COMMITMENT TO SUSTAINABILITY

Our focus lies in sustainability, guiding every decision in our business from product development to delivery.

We are dedicated to collaborating with like-minded businesses, focusing on their environmental responsibility.

Product Focus:

Our main focus is waste diversion – our products are made from surplus materials that would otherwise be discarded in landfills.

All our products are manufactured in Australia to minimize our environmental footprint.

Packaging:

Roughly 80% of our packaging is produced in Australia. Our boxes are crafted from 100% recyclable materials to reduce our environmental impact.

GIVING BACK

We have teamed up with One Tree Planted to contribute to tree planting efforts! One Tree Planted is a non-profit organisation focused on enhancing global reforestation initiatives.

Their mission involves planting trees to revive nature and promote biodiversity. Additionally, they advocate for the significance of trees and provide businesses like ours with an easy sustainability solution.

For each 10 gifts purchased with Aureliia Collection, One Tree Planted will plant a tree! Every tree planted has a beneficial impact on nature, wildlife, and communities.

We are proud to back reforestation efforts with One Tree Planted as part of our dedication to sustainability.

For every mini cheese board purchased, Aureliia Collection will contribute \$2.00 to Camp Quality!

Camp Quality brings positivity, fun and laughter back into the lives of kids facing cancer. They are there for children and their families, from the heartbreaking news of a cancer diagnosis, through every step of the experience.

PROUDLY SUPPORTING

OUR PARTNERS

The Bespoke Linen Co's range of linen textiles and homewares is sustainably harvested and woven into fine weaves and textiles, The Bespoke Linen Co. sources fine European linen that is completely chemical free. Hand finished in Northern Rivers, New South Wales.
