

1 PLY NAPKIN

1-ply (or single ply) napkins are made of a single sheet of tissue commonly used in outdoor catering, takeaways, and fast-food businesses.

PROS

- 1 Low cost per unit
- 2 Ideal for large scale use

RECOMMENDED FOR

-  Light use
-  Cafes and coffee shops
-  Takeaways
-  Outdoor events

2 PLY NAPKIN

2-ply napkins offer a thicker feel, designed to be used at the dinner table on side plates, or with takeaway foods. An extra layer of tissue helps absorb spills with ease.

PROS

- 1 Thicker feel
- 2 Absorbs spills with ease

RECOMMENDED FOR

-  Parties and dinners
-  General events where a thicker napkin is required

3 PLY NAPKIN

3-ply napkins are full dinner plate sized napkins offering a soft linen-like texture and a more premium feel. The best ability to soak up spills.

PROS

- 1 Premium feel
- 2 Great for front-of-house

RECOMMENDED FOR

-  High-end eateries
-  Weddings and celebrations
