# 我們的故事

## OUR STORY

美詩的父親，在90年代於建築工地辦公室拍攝的照片。  
The picture shown features our founder's father, taken at the construction site office back in the 1990s.

創辦人美詩在90年代，她跟隨父親到裝修工地，親眼目睹工人們的熟練勞動，也見證了他們惡劣的工作條件。傳統的工作服不僅無法保護他們免受這些條件的傷害，反而使艱苦的工作變得更加困難。至今，工作服仍然笨重且不舒適。TMS.SITE在香港成立於2021年，致力於打造最優質的工作服。

*Born and raised in a blue-collar, working-class family, TMS.SITE founder Mei Sze Tsang formed a deep connection with construction workers from an early age. Thus, she founded TMS.SITE in 2021 to truly make the best workwear possible.*

**「我們不僅僅是一個工作服品牌，  
人們看到的是工人，  
我們看到的是工業運動員！」**

***'Where people see workers, we see industrial athletes.'***

TMS.SITE致力於為在嚴苛工作環境下工作的工業運動員，提供以人為本的功能運動型工裝。

我們的產品旨在平衡穿著舒適性和保護性。透過研究不同類型高強度勞動者的身體運動，結合人體工學原則和彈性布料，我們實現了卓越的耐用性和輕量化比率。

*TMS.SITE creates high-performance workwear for the 'Industrial Athlete': professionals working in the toughest physical environments. We are not just a workwear brand. Our products aim to strike the perfect balance between performance and protection. With a class-leading durability-to-weight ratio and functional, breathable garments, TMS.SITE provides the solution to modern workwear. We use ergonomic patterning and the latest performance fabrics to cater to each worker's trade-specific movements and challenges.*

# 使命與願景

## OUR MISSION & VISION

**越來越熱的夏天，  
使工作環境比以往更加惡劣。有一點非常清楚：  
這個行業必須改變，TMS.SITE將引領這種變革。**

***Global temperatures are rising. Each summer is hotter than the last. With industrial working environments growing more hostile than ever before, one thing is very clear.***

***The industry must change. TMS.SITE is here to lead it.***

以創新傳統工裝為目標：

*We innovate traditional workwear in order to:*

- 為工業運動員提供現代化工裝裝備&制服。  
*Provide modern industrial equipment and uniforms for industrial athletes.*
- 針對天氣逐漸惡劣和炎熱下，提供更舒適、耐用、透氣和輕量的工裝產品。  
*Offer workwear products that are more comfortable, durable, breathable, and light weight.*
- 根據人體工學針對性地使用功能性布料，使工裝的保護性加強，但重量不增。  
*Enhance the protective factor and ergonomics of workwear without added weight by utilizing functional fabrics.*
- 用工業運動員從新定位以及，去提升勞動工人對自己身分的認同。  
*Redefine what it means to be an “industrial athlete”, and to celebrate the pride in each labourer’s profession.*
- 分享工業運動員的故事，使大家更加了解勞動工人以及重視安全工作。  
*Share stories of industrial athletes’ lives to create a better understanding of their work, conditions and hazards, and to emphasize the importance of safety.*

## 在香港超過50%的戶外工作者因為炎熱而患上相關疾病。

*More than 50% of outdoor workers suffer from heat-related illnesses in Hong Kong \**

自2018年開始, TMS.SITE一直在多個工業工作場所進行產品測試, 並直接與用家交流, 改進產品去提供適用與炎熱天氣的輕巧, 透氣, 耐用的工裝。

*Since 2018, TMS.SITE has been conducting field research with a wide variety of workers at their industrial sites in order to acquire the lightest and most durable fabrication and silhouette.*

# 工業運動員計劃

## INDUSTRIAL ATHLETE PROGRAM

在2024年2月成立的工業運動員計劃，我們一共選擇了10位在不同國家的工業運動員，他們有攀樹師，英國燒焊師，做牆壁專修的台灣父子以及香港的扎鐵師傅等。他們都是高身體勞動的工業工作者，擁有著跟運動員一樣吃苦耐勞的精神。

Launched in February 2024, the Industrial Athlete Program honors 10 exceptional Industrial Athletes from around the world, showcasing their resilience and skill in highly physically demanding roles. Recipients include arborists and tree climbers, welders and fabrication experts based in the UK, a Taiwanese father-son duo who specialize in wall repairs, Hong-Kong based steel workers, and more.

這些工業運動員將代表TMS.SITE，並且幫我們的產品進行測試和宣傳。

These industrial athletes will work with us to boost their own performance while testing out and serving as ambassadors for the newest TMS.SITE products.
