

OWNER'S INSTRUCTIONS

Your future in a better light.

Pocket LED Task Light

Model NT-6786

CAUTION: Read all instructions and warnings before operating!
SAVE THESE INSTRUCTIONS!

WARNING: To avoid serious injury or death from electrical shock or fire:

1. This fixture **MUST ALWAYS BE USED IN ACCORDANCE WITH ALL ELECTRICAL AND SAFETY CODES AND ORDINANCES**, including the most recent National Electric Code (NEC) and with the Occupational Safety and Health Act (OSHA) Volume 1 on General Industry Standards and interpretations.
2. **ALWAYS** make certain that the power source conforms to the requirements on the fixture.
3. **DO NOT** inspect or service the fixture while unit is on.
4. **CAUTION:** Keep dry. Do not open, drop, short-circuit, incinerate, expose to temperatures higher than 140°F, or use if damaged.
5. This fixture is not explosive-proof, **DO NOT** use in potentially dangerous locations, such as in flammable or explosive atmospheres.
6. **NEVER** operate the light with the clear protective glass broken or removed.
7. **NEVER LOOK DIRECTLY INTO LIGHT SOURCE.** LED's are extremely bright and can damage eyes with prolonged exposure.
8. **KEEP AWAY** from heating vents, radiators, or other sources of heat.
9. **KEEP OUT OF REACH OF CHILDREN.**
10. **FOR INDOOR AND OUTDOOR USE.**

FEATURES

500 Lumen Task Light
1000/300 Lumen Spot Light
Water Resistant IPX4
Heavy-Duty Aluminium Construction
Integrated Power Bank Function
Rechargeable Battery
Large Stable Magnetic Base

OPERATING INSTRUCTIONS

Before operation, remove belt clip/hang hook from package and affix to the back of the light by aligning the tabs on the ring on the back of the belt clip/hang hook with the slots on the back of the light. When they are aligned, press together and rotate to lock the two parts together.

To operate the light:

1. Press the button once to turn on 100 Lumen Spot Light. If you hold down the button, after the first press, the light will flash twice and ramp up the spot light to your desired light level (up to 300 lumens). This function works only after the first press of the button.
2. Press button again to turn on 300 Lumen Spot Light.
3. Press button a third time to turn on 500 Lumen Task Light.
4. Press button a final time to turn the light off.

To recharge the batteries:

Attach the provided USB cord to the port at the top of the light and attach the other end to an appropriate 5V charger. Full charge should take approximately 3 hours.

ONE YEAR LIMITED WARRANTY

If this NextLED® product fails due to a defect in materials or workmanship, NextLED® will at its option, repair it or replace it with the same or comparable model, free of charge.

For repair or replacement under warranty, return to the retail establishment where the product was purchased.

This warranty give you specific legal rights and you may have other rights that vary from state to state.

This warranty is void if damage or defect has resulted from accident, abuse, misuse or faulty repair. In no event will NextLED® be liable for any consequential, special, incidental, or indirect damages of any kind arising out of the use or misuse of this product.

Maximum liability shall not in any case exceed the purchase price of the product including shipping. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above exclusions or limitations may not apply to you.
