FOUNDATIONAL GUIDELINES

DOSING

Dosing information in these approaches is for an adult weighing 120–150 lb (54–68 kg), and should be adjusted accordingly. For example, an individual weighing 60–75 pounds should take half of the recommended dose.

WEIGHT (lb)	WEIGHT (kg)	DOSE
241+ lb	109+ kg	2 (x label)
211–240 lb	96–108 kg	1¾ (x label)
181–210 lb	82–95 kg	1½ (x label)
151–180 lb	69–81 kg	1¼ (x label)
120–150 lb	54–68 kg	1 (as per label)
90–119 lb	41–54 kg	¾ (of label)
60–89 lb	27–40 kg	½ (of label)
30–59 lb	13–26 kg	¼ (of label)

Shake the liquid products well before each use. Dispense drops by holding the dropper at a 45-degree angle to ensure the proper dosage. Do not use if pregnant or nursing.

NutraMedix liquid tinctures can be mixed together in the same 4oz (120mL) glass of water. Mix the drops together in a cup made of glass, porcelain, or paper, and add at least 4 oz (120 ml) of water; let sit for at least 1 minute before drinking. Avoid using Styrofoam, plastic, or metal cups; also avoid using distilled, sparkling, or reverse-osmosis water.

While the products may be dispensed directly into the mouth, they are most effective when taken with water. It is recommended to take all other medications and supplements at least 30 minutes after taking NutraMedix liquid tinctures.

HYDRATION

Adults are urged to drink 2–3 liters or quarts of water per day (adjust as needed, based on weight). Black and green teas, coffee, sodas, and alcoholic drinks are dehydrating. Vegetable and some fruit juices (lemon and lime) are hydrating. Most herbal teas are hydrating but can become dehydrating if too much sugar is added. Use NutraMedix STEVIA as a sweetener instead of sugar.

Drinking 2–3 ounces (60–90 ml) of pure water every 10–15 minutes during waking hours causes most of the water to enter the cells, hydrate the cells, and mobilize toxins out of the cells. Drinking large quantities of water, even a few times per day, does not efficiently hydrate the body, nor does it mobilize toxins out of the body.

STRESS AND DIET

Stress-reduction techniques are highly recommended, such as deep breathing while visualizing a relaxing vacation spot with all senses for 4 minutes before each meal and bedtime.

Individuals should be resting in bed (even if not sleeping) from 11 p.m. to 6 or 7 a.m. the next morning, in a pitch-dark bedroom with minimal electromagnetic pollution, to support a normal circadian rhythm and overall health.

Eating more raw, organic, non-GMO food is recommended. Avoid processed foods, fried foods, hydrogenated oils, sugars, excessive starches, and fruits, except for lemons and limes. Avoid common food allergens such as dairy, wheat, corn, soy, peanuts, and black or white pepper. Patients who avoid these foods usually report improved health more quickly.

HERXHEIMER-LIKE REACTION

If a Herxheimer-like reaction is suspected (feeling worse in any way than before), take BURBUR-PINELLA: 20 drops in 2oz (60mL) of pure water every 10 minutes for up to 2 hours. The easiest way to do this is to add 4 dropperfuls (approximately 120 drops) of BURBUR PINELLA to a bottle of water and sip it over a 2-hour period.

If the reaction still exists by the time of the next scheduled dose of microbial support, skip that dose and resume with the following scheduled dose. If this happens more than once, increase the dosage more slowly, building up to the full dose as tolerated. For additional Herxheimer-like reaction support, you can also take NutraMedix Liposomal glutathione to support better health.

IMPORTANT!

NutraMedix liquid products contain 20–24% food-grade ethanol for two main reasons.

First, the blend of water and ethanol is key to extract the different desired components. Some compounds are water soluble while others are ethanol soluble, which allows for a more complete, full-spectrum extract.

Second, the ethanol helps transport the nutrients into the cells. The blend of ethanol and water supports efficient absorption on a cellular level.

ADRENAL

- Athletic Support
- Adrenal Support
- Antioxidant Support
- Neurological Support
- Stress Management

Do you ever find it difficult to keep up with your desired pace? Keep your head in the game with Adrenal, our proprietary blend of the carefully selected herbs for adrenal support.* Our unique formula contains Astragalus, Rhodiola, Ginseng, and Schisandra, all of which work together in harmony to offer you the daily support you're seeking. Derived from nature itself, Adrenal can be taken daily with ease so that you can get back to doing what you love most.

Astragalus
Root Extract

Rhodiola
Root Extract

American Ginseng
Root Extract

Schisandra
Berry Extract

SUGGESTED USAGE:

Put 20 drops in 4 oz (120mL) of water and wait one minute before drinking. Take twice daily (10 minutes before breakfast and lunch) or as directed by your physician.

INGREDIENTS:

Proprietary blend: Astragalus root (*Astragalus mongholicus*) extract, Rhodiola root (*Rhodiola rosea*) extract, American Ginseng root (*Panax quinquefolius*) extract, and Schisandra berry (*Schisandra chinensis*) extract

Supplement Facts	
Serving Size 20 drops	
Servings Per Container 30	
Amount Per Serving	
Proprietary Blend	1.0 mL*
Astragalus root extract, Rhodiola root extract, American Ginseng root extract, Schisandra berry extract	
*Daily Value not established	
Other ingredients: mineral water, ethanol (20-24%)	

ALGAS

- Detox Support

Take on the day with the defensive power of Algas. Our unique formula is strategically designed to deliver *Chondracanthus chamissoi*, a type of seaweed found in the Pacific Ocean of South America that may offer detox properties.* Algas is a highly bioavailable liquid that can be easily incorporated into any daily routine. Grab hold of nature's powerful arsenal today.

Chondracanthus chamissoi
Extract

SUGGESTED USAGE:

Put 20-40 drops in 4 oz (120mL) of water and wait one minute before drinking. Take every other day (30 min. before a meal) or as directed by your physician.

INGREDIENTS:

Chondracanthus chamissoi extract

Supplement Facts	
Serving Size 40 drops	
Servings Per Container 15

AMANTILLA™

- Stress Management
- Relax/Sleep Support

Life is busy, and everyday stressors can wreak havoc on your mood and normal routines. Unwind with Amantilla, our daily stress support* that contains valerian root extract. Valerian root may promote a sense of calm and support a restful night's sleep. Our unique liquid formula provides easier delivery for those that don't like swallowing pills and can be easily added to your daily or nightly routine.

Valerian Root Extract

SUGGESTED USAGE:

Mild Stress Support: Put 10 drops in 4 oz (120mL) of water and wait one minute. Take 2 to 4 times per day.

Moderate Stress Support: Put 10 – 15 drops in 4 oz. (120mL) of water. Take every 15-20 minutes until feeling better.

Moderate to Maximum Stress Support: Put 2 droppers full (approximately 60 drops) in at least 16 oz. (.5 liters) of water and sip over a 2-hour period, repeating as needed. After feeling better, switch to 10 drops in 4 oz. (120mL) of water, 2 – 4 times per day for maintenance.

INGREDIENTS:
Valerian root extract

Supplement Facts	
Serving Size	30 drops
Servings Per Container	20
Amount Per Serving	
Valerian root extract	1.5 mL [†]
*Daily Value not established	

Other ingredients: mineral water, ethanol (20–24%)

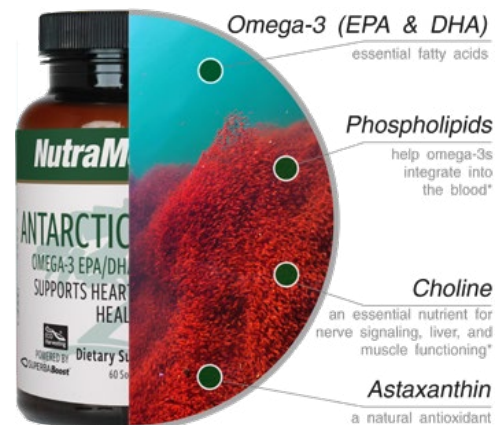

ANTARCTIC KRILL OIL OMEGA-3 EPA/DHA/ASTAXANTHIN

- Essential Fatty Acid Support • Heart Support
- Skin Support • Neurological Support
- Ocular Support • Joint Support

NutraMedix Superba Boost is 100% traceable, certified sustainable by the Marine Stewardship Council (MSC), and packs a greater nutritional punch when it comes to providing long-chain omega-3 fatty acids (EPA & DHA), phospholipids, choline, and astaxanthin. NutraMedix Antarctic Krill Oil is super absorbent, and when used as a daily supplement, supports brain, heart, joint, and memory health.*

Sourced exclusively from the krill species *Euphausia superba* in the pristine waters of the Antarctic ocean, NutraMedix Antarctic Krill Oil is 2.5x more easily absorbed by your body than fish oil.

Suggested Usage:

Take one softgel once or twice daily after a meal or as directed by your physician. Do not use if you are allergic to shellfish, or taking anticoagulant medication.

INGREDIENTS:

Choline, Superba Boost® Krill Oil, Phospholipids, Omega-3 Fatty Acids: EPA (eicosapentaenoic acid), DHA (docosahexaenoic acid), Astaxanthin.

Supplement Facts	
Serving Size	1 Softgel
Servings Per Container	60

ARTEMISIA ANNUA

- Microbial Support
- Joint Support
- Antioxidant Support

Harness the healing support of nature with *Artemisia annua*. Its aerial parts have been used for health purposes since their first known mention in the second century, and possibly before that. Artemisia Annua extract may help with targeted microbial support, joint support, and antioxidant support.*

AVEA™

- Antioxidant Support
- Cardiovascular Support
- Inflammatory Response Support

Turmeric is an exotic spice that has been deeply rooted in Southeast Asian culture, cuisine, and medicine for centuries. Today, its popularity continues to spread throughout the world as more people discover its ancient benefits. Turmeric may help support balanced moods while promoting a positive response to everyday stressors.* Our Avea was carefully formulated to deliver turmeric in a highly bioavailable, liquid form that can be easily incorporated into your daily or nightly routine.

Sweet Annie
Herb Extract

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120mL) of water and wait one minute before drinking. Start with 1 drop (30 min before meals) increasing slowly up to 30 drops, 2-4 times a day or as directed by physician.

INGREDIENTS:

Sweet Annie herb extract

Turmeric
Root Extract

SUGGESTED USAGE:

Put 15 drops in 4 oz (120mL) of water and wait one minute before drinking. May be taken several times per day and at bedtime, or as directed by your physician.

INGREDIENTS:

Turmeric root extract

Supplement Facts

BABUNA™

- Antioxidant Support
- Relax/Sleep Support
- Inflammatory Response Support

Rest is one of the most important parts of your everyday routine and, probably, one of the most neglected. Chamomile flower extract has been used for years around the world for its potential sleep supportive properties. It may also help promote feelings of relaxation.* Our Babuna was strategically formulated to deliver chamomile flower extract in a highly bioavailable, liquid form that can be easily incorporated into your desired times of relaxation.

Chamomile
Flower Extract

SUGGESTED USAGE:

Sleep Support: Put 30 drops in 4 oz (120mL) of water and wait one minute before drinking. Take at bedtime.

Maximum Sleep Support: Put 30 drops in 4 oz (120mL) of water and wait one minute before drinking. Take every 30 minutes beginning 2 hours before bedtime for 5 nights.

INGREDIENTS:

Chamomile flower extract

Supplement Facts

Serving Size 30 drops
Servings Per Container 20
Amount Per Serving
Chamomile flower extract 1.5 mL*
*Daily Value not established

Other ingredients: mineral water, ethanol (20-24%)

BAIKAL SKULLCAP

- Microbial Support

Harness supportive power of nature with Baikal skullcap (*Scutellaria baicalensis*), which is not to be confused with American skullcap (*Scutellaria laterifolia*) as they have different properties, Baikal skullcap is primarily known for its robust microbial support, with some evidence for antioxidant support and cardiovascular health, as well.*

Baikal Skullcap
Root Extract

SUGGESTED USAGE:

Put 2 to 60 drops in 4 oz (120 mL) of water and wait one minute before drinking. Start with 2 drops (30 min before meals) increasing by 2 drops with each dose up to 60 drops, 2 times a day or as directed by physician.

INGREDIENTS:

Baikal Skullcap root extract

Supplement Facts

Serving Size 30 drops
Servings Per Container 40
Amount Per Serving
Baikal Skullcap root extract 1.5 mL*
*Daily Value not established

Other ingredients: mineral water, ethanol (20-24%)

*These statements have not been evaluated by the food and drug administration (FDA). These products are not intended to diagnose, treat, cure or prevent any disease.

*These statements have not been evaluated by the food and drug administration (FDA). These products are not intended to diagnose, treat, cure or prevent any disease.

BANDEROL™

- Inflammatory Response Support
- Microbial Support

Harness the defensive power of nature with Banderol. Our unique formula was strategically designed to provide *Otoba parvifolia*, a wild-harvested bark from South America that may offer microbial and inflammatory response support.* As one of our best-selling products, Banderol is a highly bioavailable tincture that can be easily incorporated into any daily routine.

BARBERRY

- Antioxidant Support
- Immune System Support
- Gastrointestinal Support
- Microbial Support

Harness the defensive power of nature with Barberry. Our unique formula was strategically designed to provide Oregon Grape Root, which may offer antioxidant, immune gastrointestinal and microbial support.* Barberry allows you to tap into nature's powerful arsenal, and this highly bioavailable liquid is an easy addition to your daily routine.

Otoba parvifolia
Bark Extract

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Start with 1 drop (30 min. before meals) increasing slowly up to 30 drops 2-4 times per day or as directed by your physician.

BINDER PLUS

- Detox Support
- Antioxidant Support
- Cardiovascular Support
- Prebiotic

Are you looking for healthy elimination support? Help support healthy detoxification, maintain normal intestinal reabsorption, and support healthy elimination with Binder Plus.* Our unique formula contains inulin from agave, bentonite clay, zeolite, aloe vera leaf, activated charcoal, fulvic minerals, and chitosan from mushrooms to maintain healthy detoxification and elimination to support a healthy you.

SUGGESTED USAGE:

Take two capsules once or twice daily or as directed by your physician. Do not use if pregnant or nursing. Stop use if adverse reactions develop.

Binder Plus should be taken 2 hours before or after meals and any other supplements/medications.

INGREDIENTS:

Proprietary Blend: Zeolite, Activated Charcoal, Inulin, Aloe Vera leaf, Fulvic Minerals, Bentonite, Chitosan from mushrooms

Supplement Facts

Serving Size 2 Capsules
Servings Per Container 60

Amount Per Serving	% DV
Proprietary Blend	800 mg
Zeolite, Activated Charcoal, Inulin, Aloe Vera leaf, Fulvic Minerals, Bentonite Clay, Chitosan from mushrooms	

*Daily Value not established

Other ingredients: Vegetable Capsule, Vegetable Magnesium Stearate
GLUTEN, SUGAR & DAIRY FREE

BROMELAIN

- Joint Health Support
- Proteolytic Support
- Healthy Inflammatory Response Support

Harness the power of pineapple with its group of protein-digesting enzymes known as bromelain. Pineapples have long been considered a symbol of hospitality. Come home to your body with bromelain, which may help with multiple facets of health through proteolytic support, joint health support, and healthy-inflammatory response support.*

SUGGESTED USAGE:

Take one to two capsules one to two times daily (at least 30 min. before meals) with a full glass of water or as directed by your physician.

INGREDIENTS:

Bromelain

BURBUR™

- Detox Support

Kick out what doesn't belong with Burbur. This detox product is derived from the *Desmodium molliculum* plant in South America, which may offer cleansing support and promote your body's healthy detoxification.* Our unique formula was strategically designed to deliver this plant's extract in a highly bioavailable, liquid form that can be easily incorporated into your daily schedule. Sourced directly from the jungles of Peru, Burbur has been one of our top selling products year after year.

Desmodium molliculum
Leaf Extract

SUGGESTED USAGE:

Moderate Support: Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. Take 10 drops 3 to 4 times daily. May be taken several times per day as needed.

Maximum Support: Put 10 drops in 2 oz (60mL) of water and wait one minute before drinking. Take every 15 minutes as needed. Can also put 2 droppers full (approximately 60 drops) in at least 16 oz. of water and sip over a 2 hour period, repeating as needed.

INGREDIENTS:

Desmodium molliculum leaf extract

Supplement Facts

<i>Campsiandra angustifolia</i>	1.5 mL*
bark extract	
*Daily Value not established	

Other ingredients: mineral water, ethanol (20-24%)

CURCUMIN

- Joint/Muscle Support
- Antioxidant Support
- Inflammatory Response Support

NutraMedix Curcumin is formulated for maximum absorption. Bonding the main active component in turmeric, curcumin, to a food substance as scaffolding increases bioavailability. This enables the delivery of a greater amount of active compounds in a more economical daily dose conveniently packaged in capsule form.

When NutraMedix Curcumin was compared to a curcumin powder standardized at 95% in a simulation of human digestion, the NutraMedix Curcumin was almost completely dissolved at 10 minutes compared to less than 20% of the 95% curcumin. The bloodstream concentration of curcuminoids was three times higher with NutraMedix Curcumin than with the 95% formulation.

Turmeric

Root Extract

SUGGESTED USAGE:

Take two capsules once daily after a meal or as directed by your physician.

INGREDIENTS:

Turmeric root extract (*Curcuma longa*) (as BioSOLVE™ Curcumin 20% extract powder)

Supplement Facts

Serving Size 2 Capsules	
Amount Per Serving	% Daily Value
Turmeric root extract (Curcuma longa) (as BioSOLVE™ Curcumin 20% extract powder)	500 mg *

MACA

- Antioxidant Support
- Male Health Support
- Female Health Support

Maca is a crop native to the highlands of the Peruvian Andes. Grown at 3,500 meters above sea level, this ancient root has played a powerful role in the Incan population for centuries. Maca has long been admired and used by native Peruvians for both medicinal and nutritional purposes. Our liquid Maca supplement is derived from the same grounds in Peru that have been cultivated by past generations, and our powerful, broad-spectrum extract may help support hormonal balance.*

SUGGESTED USAGE:

Take 20-30 drops two to three times a day. Take with 4oz (120mL) of water and wait one minute before drinking.

INGREDIENTS:

Maca root extract

MOODMEDIX®

- Mood Support
- Emotional Support
- Neurological Support
- Immune System Support
- Inflammatory Response Support

Support your body's response to feelings of discouragement with MoodMedix. This proprietary formula delivers the ancient benefits of turmeric, a root world-renowned for its potential to help support balanced moods.* Samento is included for additional support. Samento liquid extract is made from a rare pentacyclic chemotype of cat's claw and acts like a thermostat to help the body self-regulate an overactive or weak immune system. A healthy immune system is key to overall good health.

In highly bioavailable liquid form, MoodMedix can be taken multiple times throughout the day for support as needed.

NUTRA-BRT

- Microbial Support
- Immune System Support
- Inflammatory Response Support

Are you searching for targeted support? This comprehensive formula is a synergistic blend of Huacapurana (*Campsiandra angustifolia*) bark and Houttuynia (*Houttuynia cordata*) herb, designed to assist with microbial support, immune support, and healthy inflammatory response support*.

PARSLEY

- Antioxidant Support
- Detox Support
- Immune System Support

Parsley is far more than your typical herb. Harness its defensive power with our unique formula, which is strategically designed to deliver the potential detox and cleansing properties of parsley.* As a highly bioavailable liquid, this product can be easily incorporated into any daily routine.

SUGGESTED USAGE:

SHAKE WELL BEFORE EACH USE

Put 2 to 60 drops in 4 oz (120mL) of water and wait one minute before drinking. Start with 2 drops (30 min before meals) increasing by 2 drops with each dose up to 60 drops, 2 times a day or as directed by physician.

INGREDIENTS:

Proprietary blend: *Campsiandra angustifolia* bark extract and *Houttuynia* herb extract

Supplement Facts

Serving Size 60 drops (3mL)	
Servings Per Container 40	
Amount Per Serving	% Daily Value
Proprietary Blend	3 mL*
<i>Campsiandra angustifolia</i> bark extract and <i>Houttuynia</i> herb extract	
*Daily Value (DV) not established	

Other ingredients: mineral water, ethanol (20-24%)

SUGGESTED USAGE:

Moderate Support: Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. Take 10 drops 3 to 4 times daily. May be taken several times per day as needed.

Maximum Support: Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. Take every 15 minutes as needed. Can also put 2 droppers full (approximately 60 drops) in at least 16 oz. of water and sip over a 2 hour period, repeating as needed.

INGREDIENTS:

Parsley leaf and stem extract

Supplement Facts

Serving Size 10 drops	
Servings Per Container 60

PINELLA™

- Detox Support
- Neurological Support
- Gastrointestinal Support

Our unique herbal formula delivers the cleansing support properties of *Pimpinella spp.* Used by cultures around the world, this wild harvested plant supports your body's healthy detoxification.* Delivered through a highly bioavailable liquid, Pinella can be used daily to help cleanse and promote concentration.

SUGGESTED USAGE:

Mild Support: Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. Take 1 to 2 times daily.

Moderate Support: Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. Take 3 to 4 times daily. May be taken several times per day as needed.

Maximum Support: Put 10 drops in 2-4 oz (60-120mL) of water and wait one minute before drinking. Take every 15 minutes as needed. Can also put 2 droppers full (approximately 60 drops) in at least 16 oz. of water and sip over a 2 hour period, repeating as needed.

INGREDIENTS:

Pimpinella spp. stems extract

Supplement Facts	
Serving Size: 10 drops	
Servings Per Container: 60	
Amount Per Serving	
Pimpinella spp. stems extract	0.5 mL*
*Daily Value not established	
Other ingredients: mineral water, ethanol (20-24%)	

QUERCETIN

- Immune System Support
- Healthy Inflammatory Response
- Support for Enzyme

Quercetin is in a flavonoid family known as flavanols that may support the body's normal detoxification processes related to antioxidant activity.* Some research suggests that flavanols also support zinc transport in cells. Most recently, these chemicals have been investigated for how they affect the process of cell division and communication between cells, which can be altered by normal aging. In addition to antioxidant support, this is now a major area of research into the health-supporting properties of flavonoids.

Taking quercetin with meals and snacks throughout the day may improve your body's ability to use quercetin. When taking a quercetin supplement, it is important to do so daily as the body processes and eliminates quercetin within six to 28 hours.

SUGGESTED USAGE:

Take two capsules once daily after a meal or as directed by your physician. Do not use if pregnant or nursing. Stop use if adverse reactions develop.

INGREDIENTS:

Quercetin (from *Sophora japonica* flower)

Supplement Facts	
Serving Size: 2 capsules	
Servings Per Container: 60	
Amount Per Serving	
Quercetin (Sophora japonica) (Flower)	500mg*
*Daily Value not established	

Other ingredients: Vegetable Capsule, Vegetable Magnesium Stearate

*These statements have not been evaluated by the food and drug administration (FDA). These products are not intended to diagnose, treat, cure or prevent any disease.

QUINA™

- Inflammatory Response Support
- Healthy Blood Sugar Support
- Microbial Support

This unique herbal formula is from the bark of the Calisaya tree which is wild-harvested from South America. It may offer immunity and microbial support.* Quina is a highly bioavailable liquid that can be easily incorporated into any daily routine.

Calisaya
Bark Extract

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Start with 1 drop (30 min. before meals) increasing slowly up to 30 drops 2-4 times per day or as directed by your physician.

INGREDIENTS:

Calisaya (*Cinchona calisaya*) bark extract

Supplement Facts	
Serving Size 30 drops	
Servings Per Container 20	
Amount Per Serving	
Calisaya (<i>Cinchona calisaya</i>) bark extract	1.5 mL*
*Daily Value not established	

Other ingredients: mineral water, ethanol (20-24%)

RELAXMEDIX®

- Relax/Sleep Support
- Neurological Support
- Immune System Support
- Inflammatory Response Support
- Stress Management

While it might seem like sleeping and relaxing should be the easiest things we do each the day, they sometimes prove to be challenging. Find the relaxation support* you're looking for with RelaxMedix.

Valerian root extract meets samento in a synergistic combination that channels the beneficial properties of both herbs. Samento liquid extract is made from a rare pentacyclic chemotype of cat's claw and acts like a thermostat to help the body self-regulate an overactive or weak immune system. A healthy immune system is key to overall good health. Valerian root may promote a sense of calm and support a restful night's sleep, while samento maximizes the formula's overall effectiveness.

In highly bioavailable liquid form, RelaxMedix can be taken multiple times throughout the day or at bedtime for support as needed.

Uncaria tomentosa
Bark Extract
Pentacyclic Chemotype

Valerian
Root Extract

SUGGESTED USAGE:

For occasional stress support, take 10-15 drops 2-4 times per day, or for occasional sleep support, take 20-30 drops at bedtime, or as directed by your physician. Put drops in 4 oz (120mL) of water and wait one minute before drinking.

INGREDIENTS:

Proprietary Blend: Valerian root extract and *Uncaria tomentosa* bark extract (pentacyclic chemotype)

Supplement Facts	
Serving Size 30 drops (1.5mL)	
Servings Per Container 20	
Amount Per Serving	
Proprietary Blend Valerian root extract and <i>Uncaria tomentosa</i> bark extract (Pentacyclic chemotype)	1.5 mL*
*Daily Value not established	

Other ingredients: mineral water, ethanol (20-24%)

RESVERATROL

- Antioxidant Support • Cardiovascular Support
- General Wellness • Immune System Support

Our Resveratrol is a proprietary blend of Japanese Knotweed (*Polygonum cuspidatum*) and Red Wine (from *Vitis vinifera*) extracts. The natural polyphenols found primarily in Knotweed root and grape skins are considered to have significant antioxidant properties.*

This potent combination provides valuable antioxidant protection necessary for healthy circulation, balanced metabolism, normal blood sugar levels, proper inflammatory responses, and even radiant skin. It also supports cellular health, critical to the natural aging process, by promoting the recycling of NAD⁺. Moreover, studies have demonstrated that resveratrol activates SIRT1 genes, which mimic the the healthy aging effects of moderate caloric restriction.

These easy-to-swallow vegetable capsules make a great addition to your daily supplement program.

SUGGESTED USAGE:

Take one capsule once or twice daily after a meal or as directed by your physician.

INGREDIENTS:

Trans-Resveratrol [from Japanese knotweed Extract (root)], Red Wine (*Vitis vinifera*) Extract (fruit) (std. to 30% Polyphenols)

Supplement Facts	
Serving Size 1 Capsule	
Servings Per Container 60	
Amount Per Serving	% Daily Value
Trans-Resveratrol 200 mg	*
<small>(from Japanese knotweed Extract (root))</small>	
Red Wine (<i>Vitis vinifera</i>) 25 mg	*
<small>Extract (fruit) (std. to 30% Polyphenols)</small>	
*Daily Value not established	

Other ingredients: Microcrystalline Cellulose, Vegetable Capsule, Silica, Vegetable Magnesium Stearate

SAMENTO®

- Immune System
- Microbial Support
- Inflammatory Response Support
- Antioxidant Support
- Cardiovascular Support
- Neurological Support
- Cytokine Balance Support

Within the same plant species, different chemotypes may occur. Cat's Claw most commonly contains both Pentacyclic Oxindole Alkaloids (POAs) and Tetracyclic Oxindole Alkaloids (TOAs). Multiple studies published in peer-reviewed journals suggest that the preferred chemotype contains only POAs, which are often recognized for promoting a balanced immune system.*

In 2000, NutraMedix introduced Samento, a rare pentacyclic chemotype of Cat's Claw that does not contain TOAs and only contains POAs.

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Start with 1 drop (30 min. before meals) increasing slowly up to 30 drops 2-4 times per day or as directed by your physician.

INGREDIENTS:

Uncaria tomentosa bark extract (pentacyclic chemotype-TOA free)

Supplement Facts	
Serving Size 30 drops	
Servings Per Container 40	
Amount Per Serving	
<i>Uncaria tomentosa</i> (Pentacyclic chemotype) bark extract	1.5 mL*
*Daily Value not established	

Other ingredients: mineral water, ethanol (20-24%)

SEALANTRO™

- Antioxidant Support
- Cardiovascular Support
- Detox Support
- Immune System Support

Sealantro's unique herbal formula combines the triple detox power of Chlorella, Cilantro, and Pacific Cold-Water Red Seaweed. Sourced from nature itself, Sealantro allows you to tap into nature's powerful detox and cleansing support properties.* Delivered through a highly bioavailable liquid, Sealantro can be easily incorporated into any daily routine.

SUGGESTED USAGE:

Put 40 drops in 4 oz (120mL) of water and wait one minute before drinking. Take every other day (30 min. before a meal) or as directed by your physician.

INGREDIENTS:

Proprietary Blend: Chlorella extract, *Chondracanthus chamissoi* extract, and Cilantro leaf extract

Supplement Facts	
Serving Size 40 drops Servings Per Container 15	
Amount Per Serving	% DV*
Proprietary Blend	2.0 mL*
Chlorella extract, <i>Chondracanthus chamissoi</i> extract, and Cilantro leaf extract	
*Daily Value not established	
Other ingredients: water, ethanol (20-24%)	

SERRAPEPTASE

- Supports Protein Digestion
- Supports Prebiotic Intestinal Health
- Inflammatory Support
- Antioxidant Support
- Respiratory Support
- Blood Glucose Support
- Cardiovascular Support

Taking vitamins daily can be a hassle, yet Serrapeptase capsules are easy to incorporate into your daily routine. Produced by the silkworm, Serrapeptase is a proteolytic enzyme that may assist in the process of breaking molecules of protein into amino acids. Our unique formula contains a proprietary blend of inulin from Jerusalem artichoke and Serrapeptase. These key ingredients may support healthy sinus and airway functions, as well as cardiovascular and arterial health.* Derived from a highly bioavailable source, our easy-to-swallow Serrapeptase capsules deliver each serving of this daily essential with ease.

SUGGESTED USAGE:

Take one to two capsules one to three times daily (at least 30 min. before meals) with a full glass of water or as directed by your physician.

Do not use if taking blood platelet inhibitors such as Ticlid, Plavix, Coumadin or similar prescription medications.

INGREDIENTS:

Proprietary Blend: Inulin (from Jerusalem artichoke) and Serrapeptase

Supplement Facts

SPARGA

- Antioxidant Support
- Detox Support

Asparagus is far more than a simple vegetable side dish. Harness the cleansing power of nature with Sparga. Our unique herbal formula was strategically designed to deliver asparagus leaf and stem extract, which may offer cleansing support properties.* Sparga is a highly bioavailable liquid that can be easily incorporated into any daily routine.

Asparagus

Leaf and Stem Extract

SUGGESTED USAGE:

Put 10 drops in 4 oz (120mL) of water and wait one minute before drinking. May be taken several times per day as needed or as directed by your physician.

INGREDIENTS:

Asparagus leaf and stem extract

Supplement Facts

Serving Size 10 drops	
Servings Per Container 60

Asparagus leaf and stem extract	0.5 mL*
*Daily Value not established	

Other ingredients: mineral water, ethanol (20-24%)

STEVIA

- Antioxidant Support
- Blood Sugar Support
- Cardiovascular Support
- Inflammatory Response Support
- Microbial Support

Stevia has attracted attention as a convenient low-carbohydrate, no-sugar sweetener. If you are avoiding sugar in your diet, this is the perfect alternative for you. Stevia can be used daily to add a dash of sweetness to your favorite food or beverage. Try it for yourself and see why this is one of our top sellers.

Stevia rebaudiana

Leaf Extract

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Start with 1 drop (30 min. before meals) increasing slowly up to 30 drops 2-4 times per day or as directed by your physician.

TAKUNA™

- Inflammatory Response Support
- Microbial Support

Let the power of nature defend you through Takuna. Our unique herbal formula was strategically designed to deliver *Cecropia strigosa*, a wild harvested bark from South America that may offer microbial and inflammatory response support.* Takuna is easily delivered through our highly bioavailable liquid and is one of our company's personal daily favorites.

TANGARANA™

- Inflammatory Response Support
- Microbial Support

Take on the day backed by the defensive power of nature with Tangarana. Our unique herbal formula is strategically designed to provide *Triplaris peruviana*, a wild harvested bark from South America that may offer microbial and inflammatory response support.* Tangarana is a highly bioavailable tincture that can be easily incorporated into any daily schedule.

Cecropia strigosa
Bark Extract

SUGGESTED USAGE:

Moderate Support: Put 15 to 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Take 2-4 times per day, or for maximum support every 15 minutes, or as directed by your physician.

Maximum Support: Put 30 drops in 4 oz (120 mL) of water and wait one minute before drinking. Take 2 to 4 times daily at least 30 minutes before a meal and/or at bedtime.

INGREDIENTS:

Cecropia strigosa bark extract

TEASEL

- Antioxidant Support
- Microbial Support

Like the Venus Flytrap, teasel is a carnivorous plant that can ensnare insects with its leaves! Well known in Europe, this highly bioavailable tincture may provide antioxidant and microbial support* and can be easily incorporated into any daily routine.

Dipsacus fullonum
Root Extract

SUGGESTED USAGE:

Put 1 to 30 drops in 4 oz (120mL) of water and wait one minute before drinking. Start with 1 drop 2-4 times per day (30 min. before meals) increasing slowly up to 30 drops twice daily or as directed by your physician.

INGREDIENTS:

Teasel root extract

Supplement Facts	
Serving Size 30 drops	
Servings Per Container 20	
Amount Per Serving	
Teasel root extract	1.5 mL*
*Daily Value not established	

Other ingredients: water, ethanol (20-24%)

VITALMEDIX®

- Immune System Support
- Inflammatory Response Support
- Athletic Support

VitalMedix is a synergistic blend of extracts made from organically farmed Moringa from small farms in Zimbabwe, and Samento bark from the Peruvian rainforest. Moringa leaf is the most nutritious part of the plant, offering many vitamins and minerals, along with iron and protein. These leaves have been used for many centuries to help support immune health and overall vitality.* Our Samento extract is made from a rare pentacyclic chemotype of cat's claw and acts like a thermostat to help the body self-regulate an overactive or weak immune system. A healthy immune system is key to overall good health.

100% of profits from this product are donated to IWashHungry.net

Uncaria tomentosa
Bark Extract
Pentacyclic
Chemotype

SUGGESTED USAGE:

Take 30 minutes before meals:
Moderate support: 20 drops twice daily.
Maximum support: 30 drops twice daily.

Put drops in 4oz (120mL) of water and wait one minute before drinking.

INGREDIENTS:

Proprietary Blend: *Moringa oleifera* leaf extract and *Uncaria tomentosa* bark extract (pentacyclic chemotype)

VITAMIN C

- Antioxidant Support
- Cardiovascular Support
- Immune System Support
- Mineral/Vitamin Support

Vitamin C supports the human body by providing optimal nutritional support. As a potent antioxidant and free radical scavenger, it may help support the body's natural defense system and vascular health.* Derived from a highly purified source of ascorbic acid, our easy-to-swallow Vitamin C capsules are carefully formulated to help you meet your required serving of this daily essential.

SUGGESTED USAGE:

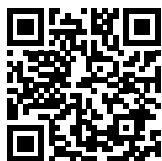

Take one to two capsules daily after a meal or as directed by your physician.

INGREDIENTS:

Ascorbic acid

Supplement Facts	
Serving Size: 2 capsules	
Servings Per Container: 60	
Amount Per Serving	% DV*
Ascorbic acid 2,000mg	3,333%
*Daily Value not established	

Other ingredients: Vegetable capsule, Vegetable Magnesium Stearate

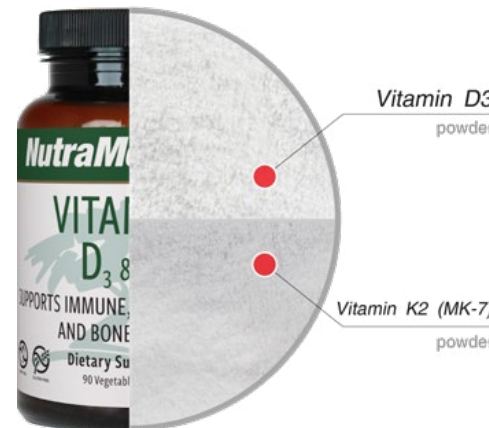

VITAMINS D₃ & K₂

- Bone Health Support • Cardiovascular Support
- Immune System Support • Neurological Support
- Vitamin Support

Striking the right balance with vitamins is crucial for maintaining healthy bodily functions. Vitamin D may promote calcium and phosphorus absorption, while Vitamin K plays an important role in bone formation and cardiovascular health.* The synergistic effect of Vitamins D₃ & K₂ may assist the proper absorption of calcium and its integration into bone mass.

Recent studies also indicate that Vitamin D may support the maintenance of normal glucose levels, in addition to promoting a healthy metabolism and immune system.* It also may contribute to emotional well-being. Although our bodies naturally produce Vitamin D through sunlight exposure, proper supplementation can assist those who live and work indoors, or who live in northern climates. Vitamin K, meanwhile, is critical in the formation of a strong bone matrix, as well as supporting proper calcium metabolism in vascular structures. Vitamin K₂, specifically in this MK-7 subtype, is a readily active and biologically available form of Vitamin K.

SUGGESTED USAGE:

Take one capsule daily after a meal or as directed by your physician.

INGREDIENTS:

Vitamin D₃ (as Cholecalciferol), Vitamin K₂ (as Menaquinone-7)

Supplement Facts	
Serving Size 1 Capsule	
Servings Per Container 90	
Amount Per Serving	% Daily Value
Vitamin D ₃ (as Cholecalciferol)	125mcg (5000 IU) 625%
Vitamin K ₂ (as Menaquinone-7)	150mcg 125%

Other ingredients: Microcrystalline Cellulose, Vegetable Capsule, Dicalcium Phosphate, Vegetable Magnesium Stearate.

*These statements have not been evaluated by the food and drug administration (FDA). These products are not intended to diagnose, treat, cure or prevent any disease.

*These statements have not been evaluated by the food and drug administration (FDA). These products are not intended to diagnose, treat, cure or prevent any disease.

ZINC

- Mineral/Vitamin Support
- Gastrointestinal Support
- General Wellness
- Immune System Support
- Skin Support

The oral bioavailability of zinc bisglycinate chelate was compared in two clinical research trials to zinc gluconate, a commonly used chelate form in zinc supplements. The first trial, a randomized crossover trial, showed that a single dose of zinc bisglycinate had a significantly higher bioavailability than zinc gluconate.

A subsequent double-blind, placebo-controlled trial revealed that a 60 mg daily dose of zinc bisglycinate significantly increased plasma zinc. Also, once again, zinc bisglycinate had superior bioavailability to the gluconate form, promoting increased absorption.

NutraMedix Zinc, in bisglycinate chelate form, is an educated choice for any zinc need.

SUGGESTED USAGE:

Take one capsule once or twice daily after a meal or as directed by your physician.

INGREDIENTS:

Zinc (as Zinc Bisglycinate Chelate) (TRAACS™)

Supplement Facts

Serving Size 1 Capsule		
Servings Per Container 60		
Amount Per Serving		% Daily Value
Zinc	50 mg	455%
(as Zinc Bisglycinate Chelate) (TRAACS™)		
*Daily Value not established		

Other ingredients: Microcrystalline Cellulose, Vegetable Capsule, Vegetable Magnesium Stearate

COWDEN+ SUPPORT PROGRAM

In collaboration with Lee Cowden MD, MD(H), NutraMedix has enhanced the Cowden+ Support Program to address the evolving health challenges of today. With the targets of the original program in mind, the enhanced Cowden+ Support Program offers increased potency, greater affordability, and a streamlined dosing schedule. In addition to adding scientifically substantiated herbs and enzymes to address prior gaps, the Cowden+ Support Program incorporates comprehensive and synergistic herbal blends that provide targeted microbial support.* The combination of meticulously sourced ingredients and wild-harvested Peruvian herbs serve an essential purpose in the program's design and enhance outcomes when taken according to the set schedule. Packaged into individual monthly sets, this 6-month program is intended to be taken sequentially, starting with Month 1.

KEY FEATURES

- Easy to use Capsules and Tinctures with Calibrated Droppers
- Contains Product Guide Brochure with Dosing Schedule
- Bundle Packaging according to Monthly Schedule
- Improved Proprietary Blended Formulas

KEY BENEFITS

- Increased Potency
- Streamlined Dosing Schedule
- Enhanced Herbal Ingredients for Improved Support and Absorption

UNLEASHING THE POWER OF SAMENTO

On its own Samento has many benefits as millions of our customers have experienced since 2000. Recent university research has discovered Samento's powerful synergistic effects when combined with other herbs.

GLUCOMEDIX

Samento + Stevia

Stevia has long been used as a 'zero-calorie' sweetener, but research shows how beneficial it is for blood sugar support. Synergized with Samento, this unique combination promotes immune health by supporting healthy blood sugar.*

MOODMEDIX

Samento + Avea

We combined Samento with Avea (curcumin) to support healthy oxygen flow in the brain and a healthy mood. It is a powerful one-two punch to support balanced moods while promoting a positive response to everyday stressors, resulting in positive support for your immune system.*

RELAXMEDIX

Samento + Amantilla

Properly used, Amantilla (valerian) can be instrumental in a relaxation protocol. And when synergized with Samento, its calming effects are amplified. Managing the stress of the day before bedtime promotes restorative sleep, which is great for the immune system.*

VITALMEDIX

VitalMedix is a synergistic blend of extracts made from organically farmed Moringa from small farms in Zimbabwe, and Samento bark from the Peruvian rainforest. Moringa leaf is the most nutritious part of the plant, offering many vitamins and minerals, along with iron and protein. These leaves have been used for many centuries to help support immune health and overall vitality.* Our Samento extract is made from a rare pentacyclic chemotype of cat's claw and acts like a thermostat to help the body self-regulate an overactive or weak immune system. A healthy immune system is key to overall good health.

HOLISTIC APPROACH

We begin with a holistic approach to production. Each ingredient addresses health, economic, social, spiritual, and environmental well-being. We choose herbs for their quality, then scientifically validate their efficacy and safety.

Beyond fair trade:

- We pay fair and honest wages to support local economies.

Honoring herbal traditions:

- We recognize the spiritual bonds between people and herbs.

Sustainable ecology:

- We support regenerating the land and protecting its biodiversity.

Science driven and tested:

- We test for vibrancy and safety, and scientifically test to confirm herb identity.
- We invest in clinical studies at major research institutions worldwide.

INGREDIENT INDEX

INGREDIENT	PRODUCT	PAGE
Activated charcoal	Binder Plus.....	18
Aloe vera - inner leaf gel (<i>Aloe vera</i>)	Binder Plus.....	18
Arginine (L-Arginine)	Natural Boost.....	43
Artemisia (Sweet Annie) - herb (<i>Artemisia annua</i>)	Artemisia Annua.....	12
	Nutra-BBS+	46
Asparagus - leaf & stem (<i>Asparagus officinalis</i>)	Sparga.....	58
Astragalus - root (<i>Astragalus mongholicus</i>)	Adrenal.....	8
Baikal Skullcap - root (<i>Scutellaria baicalensis</i>)	Baikal Skullcap.....	15
Banderilla - bark (<i>Otoba parvifolia</i>)	Banderol.....	16
	Nutra-BRL.....	47
Bentonite Clay	Binder Plus.....	18
Betaine anhydrous (Trimethylglycine)	Methyl Complete	39
Blackberry - leaf (<i>Rubus fruticosus</i>)	Mora	41
	Nutra-BBS.....	45
Bromelain - stem (<i>Ananas comosus</i>)	Bromelain.....	19
Capirona - bark (<i>Calycophyllum spruceanum</i>)	Mora.....	41
	Nutra-BBS.....	45
	Nutra-BBS+	46
Cascarilla - bark (<i>Cinchona calisaya</i>)	Quina.....	52
Cat's Claw - inner bark (<i>Uncaria tomentosa</i>)	Samento	55
	GlucoMedix.....	31
	MoodMedix.....	40
	RelaxMedix.....	53
	VitalMedix.....	63
	Nutra-BRL.....	47
Chamomile - flower (<i>Matricaria recutita</i>)	Babuna.....	14
Chanca Piedra - leaf & stem (<i>Phyllanthus niruri</i>)	Chanca Piedra.....	22
Chitosan - fungi (<i>Agaricus bisporus</i>)	Binder Plus.....	18
Chlorella - whole (<i>Chlorella vulgaris</i>)	Sealantro.....	56
Cilantro - leaf (<i>Coriandrum sativum</i>)	Sealantro.....	56
Condurango - bark (<i>Marsdenia condurango</i>)	Condura.....	23
Creatine Monohydrate	Methyl Complete	39
Curcumin - root (<i>Curcuma longa</i>)	Curcumin.....	25
Dandelion - leaf (<i>Taraxacum officinale</i>)	Dandelion.....	26
Elderberry, Black - berry (<i>Sambucus nigra</i>)	Elderberry.....	28
Elecampane - root (<i>Inula helenium</i>)	Enula	29
	Nutra-BBS.....	45
	Nutra-BBS+	46
Epimedium - leaf (<i>Epimedium grandiflorum</i>)	Hormonal Balance for Women.....	32
	Natural Boost.....	43

INGREDIENT	PRODUCT	PAGE
Folic acid (Calcium L-Methylfolate)	Methyl Complete	39
Fulvic Minerals	Binder Plus	18
Ginkgo - leaf (<i>Ginkgo biloba</i>)	Natural Boost	43
Ginseng (American) - root (<i>Panax quinquefolium</i>)	Adrenal	8
Glutathione (liposomal)	Liposomal Glutathione	34
Houttuynia - herb (<i>Houttuynia cordata</i>)	Houttuynia	33
	Nutra-BRT	48
Huacapurana - inner bark (<i>Campsiandra angustifolia</i>)	Cumanda	24
	Nutra-BRT	48
Huanarpo Macho - stem (<i>Jatropha macrantha</i>)	Hormonal Balance for Women	32
	Natural Boost	43
Hyssop - herb (<i>Hyssopus officinalis</i>)	Ezov	30
Inulin - leaf (<i>Agave tequilana</i>)	Binder Plus	18
Inulin - root (<i>Helianthus tuberosus</i>)	Serrapeptase	57
Jalapa - root (<i>Ipomoea purga</i>)	Enula	29
	Nutra- BBS	45
	Nutra- BBS+	46
Krill, Antarctic (<i>Euphasia superba</i>)	Antarctic Krill Oil	11
Maca - root (<i>Lepidium meyenii</i>)	Hormonal Balance for Women	32
	Maca	35
	Natural Boost	43
Magnesium malate	Magnesium Malate	36
Manayupa - leaf (<i>Desmodium molliculum</i>)	Burbur	20
	Burbur-Pinella	21
Matapalo - bark (<i>Phoradendron crassifolium</i>)	Mapalo	37
Melatonin	Melatonin	38
Moringa - leaf (<i>Moringa oleifera</i>)	VitalMedix	63
Muiru Puama - bark (<i>Ptychopetalum olacoides</i>)	Hormonal Balance for Women	32
	Natural Boost	43
Nattokinase (NSK-SD®)	Nattokinase	42
Noni - fruit (<i>Morinda citrifolia</i>)	Noni	44
Oregon Grape - root (<i>Mahonia aquifolium</i>)	Barberry	17
Palo Santo - bark (<i>Triplaris peruviana</i>)	Tangarana	61
Parapara - bark (<i>Eustephia coccinea</i>)	Hormonal Balance for Women	32
	Natural Boost	43
Parsley - leaf & stem (<i>Petroselinum crispum</i>)	Parsley	49
Pimpinella - stem (<i>Pimpinella spp.</i>)	Burbur-Pinella	21
	Pinella	50
Quercetin dihydrate - flower (<i>Sophora japonica</i>)	Quercetin	51
Red Wine Extract - fruit (<i>Vitis vinifera</i>)	Resveratrol	54
Resveratrol (trans) - root (<i>Polygonum cuspidatum</i>)	Resveratrol	54
Rhodiola - root (<i>Rhodiola rosea</i>)	Adrenal	8

INGREDIENT	PRODUCT	PAGE
Saffron - pistil (<i>Crocus sativus</i>)	Natural Boost	43
Schisandra - berry (<i>Schisandra chinensis</i>)	Adrenal	8
Seaweed - whole (<i>Chondracanthus chamissoi</i>)	Algas	9
	Sealanthro	56
	Serrapeptase	57
Serrapeptase (Peptizyme SP®)	GlucoMedix	31
Stevia - leaf (<i>Stevia rebaudiana</i>)	Nutra-BRL	47
	Stevia	59
	Takuna	60
Takuna Blanca - bark (<i>Cecropia strigosa</i>)	Teasel	62
Teasel - root (<i>Dipsacus fullonum</i>)	Hormonal Balance for Women	32
Tongkat Ali - root (<i>Eurycoma longifolia</i>)	Natural Boost	43
	Deep Ocean Trace Minerals	27
Trace Minerals (Pacific Ocean)	Hormonal Balance for Women	32
Tribulus - fruit (<i>Tribulus terrestris</i>)	Natural Boost	43
	Avea	13
Turmeric - root (<i>Curcuma longa</i>)	MoodMedix	40
	Amantilla	10
Valerian - root (<i>Valeriana officinalis</i>)	RelaxMedix	53
	Methyl Complete	39
Vitamin B2 (Riboflavin)	Methyl Complete	39
Vitamin B6 (Pyridoxal 5'-phosphate)	Methyl Complete	39
Vitamin B12 (Methylcobalamin)	Vitamin C	64
Vitamin C (Ascorbic Acid)	Vitamins D3 & K2	65
Vitamin D3 (Cholecalciferol)	Vitamins D3 & K2	65
Vitamin K2 (Menaquinone-7)	Mora	41
Yarrow - flower (<i>Achillea millefolium</i>)	Binder Plus	18
Zeolite	Zinc	66
Zinc bisglycinate
